Dear Secretary General of ELFO

Re: Expression of Interest as ELFO 2nd Presidential Candidate in charge of Foreign Affairs.

I hereby express interest to become ELFO 2nd President in charge of Foreign Affairs. I am an ELFO member registration number 61 and the current Chief of ELFO Solidarity Council. I am also His Excellency Ambassador to the United Nations and Special Envoy to the Republic of Uganda working with the Uganda Government Ministry of Foreign Affairs. I have experience in working with International Organizations including United Caribbean Trust a charitable International Organization based in Barbados. I have served as United Caribbean Trust Uganda Country Representative for the last 10 years and have established projects across East and Central Africa which are geared towards transforming society by fighting poverty and Illiteracy. I have championed the campaign to end violence against women in the past 12 years with support from other International Organizations such as Oxfam GB (Great Britain) and USAID among others.

I have delivered key note addresses in the United States, the Caribbean and Africa on the plight of child soldiers and disarmament of notorious militia groups especially in Africa. I am a graduate of Democracy and Development Studies from a reputable University the Uganda Martyrs University. I carry a sense of commitment and articulation of issues especially those that are international in nature. I understand that cultures are different and must all be considered while formulating policy because of its bearing during the enforcement and implementation phases.

I believe in the vision of President Rikio to bring the world together to form a coherent force that is neutral, focused and purposeful, committed to co existence, peace, harmony and happiness. We are all created equal but choose to live differently by choice or by nature. We embrace one another as a family on a true mission of success. I don't count myself to know it all but will depend on the advice of all the ELFO members and together we can make ELFO the force of change the world has been waiting for.

I hereby Present myself to serve you as your 2nd President in charge of Foreign Affairs which I count an opportunity to serve.
