KR Hanam city Earth-Loving Friendly Club

Let's create many local ELFCs:

Earth-Loving Friendly Club

地球愛友好クラブ

My Dear ELA!

I want to send you again former words:

Harmony, Respect, Love, Goodness, Beauty

You know, there are already more than 750 ELAs (Earth-Loving Associates) around the world, most of them stayed in my accommodations, and I wrote:

Let's create many national ELFAs:

Earth-Loving Friendly Association

This kind of organizations are of all national or regional character. And now there are such movement in Japan, Mexico, Australia, and Taiwan. Structure of these ELFAs are almost the same.

In Japan it seems that JP Tokachi ELFA will be created soon under the leadership of a former Member of Parliament Tomohiro Ishikawa (left picture).

I sent a draft Covenant of AU ELFA to Representative Mr. Laurence Lavery (left picture).

You know already Mr. Carlos, a passionate musical composer, who estimates harmony and is ready to create Mexican ELFA (left picture).

But these organizations are so gigantic that to move them promptly will be uneasy, while it is easy to create and operate local clubs which can act promptly, stimulating the upper organizations. It's a bottom up!! Let's see an example of a club in Korea.

My Korean good guest Mr. Kihyun Kim (right picture) and his wife Samsoon Lee stayed in my

HOUSE in Nishioka JUL10 - AUG 21, sometimes playing games with me. They lives in Hanam city, so in August 17, I showed them my draft Constitution of KR Hanam Earth-Loving Friendly Club.

You see the drat which reads as follows:

(Blue sentences are my comment.)

The Constitution of the KR Hanam city Earth-Loving Friendly Club

〔韓国ハナム市地球愛友好クラブ規約〕

We the Supporters of a future Earth-Loving Friendly Organization,

determining to promote friendship and partnership among us, inhabitants and nations in the World, respecting reasonable national as well as international (all humankind) interests, aspiring for creation and development of a general Earth-Loving Friendly Organization (hereinafter referred to as the ELFO),

adopted in Hanam city, Korea, the present Constitution of KR Hanam city Earth-Loving Friendly Club on the 11-th day of July, two thousand nineteen year.

Actually it was drafted in Sapporo in the HOUSE for peace, welfare and Amity (a left picture).

Many guests have lodged here without knowing that the HOUSE is based on ELFO Charter.

Article 1 (Purposes and activities) The purposes and activities of the KR Hanam city Earth-Loving Friendly Club (hereinafter referred to as the Club) are as follow:

1. to strengthen friendship and partnership among the present Club members as well as the other family organizations around the World.

This purpose is the most important in all clubs all over the World as well as in all Korea.

2. to introduce Hanam city to the World, promoting exchanges especially in economic, and touristic fields, producing Earth-Loving Goods and others.

For example, to produce and sell Earth-loving Caps is very easy for many ELFCs, because its standard are already made up.

3. to support the said general ELFO, to be its member, to be ready to act for its Hanam local branch if our Club and the ELFO agree to such cooperation.
4. to open an Earth-Loving Friendly Party promoted by our Club.

Article 2 (Principles) Our Club shall observe the bellow-mentioned principles:

1. to respect all human being's interests as well as reasonable national, regional and local interests.
2. to be friendly and cooperative beyond race, nationality, religion, party, and a State etc.
3. to respect natural friendship which derives from a simple fact that we are human beings.

Article 3 (Entry) 1. Not only an inhabitant in Hanam city, but also any person concerning this place (an autonomy, its component or a company, a foreigner etc.) may be a member of our Club.

So I can be its member, too.

2. In the Club there are 3 kinds of membership: a common member, an organizational member and a ML member.

3. A ML (Mailing List) member has not any duties in relations with the Club Any ML member has one vote, the right to be a candidate for staff, to join events.

Article 4 (Principal organs) 1. In the Club there will be established, as its principal organs, a General Assembly, a Representative, a Secretariat.

Any ML member may be a staff of these Principal organs. So it may be possible that all the members of the Club are ML members if they like it.

2. Representative has a primary responsibility to manage the Club and may appoint its staffs.

Article 5 (Membership fee) A common member's annual membership fee is Korean money equivalent approximately to 10 US \$, an organizational member's is that equivalent approximately to 200 US \$.

Of course, a special budget is compiled as for a special plan, for example, when there will be a party.

Article 6 (Cooperation with the ELFO) A Representative shall try to conclude an agreement with the ELFO and other family organizations to the effect stipulated in Article 1, Paragraph 3, provided that after its conclusion members of our Club will be exempted from annual membership fee of the said organizations.

You know, character of local ELFCs, regional ELFAs, national ELFAs and world-wide ELFO are almost the same: friendly, Earth-Loving and peace-loving. If each member were to pay membership fee to these kinds of organization respectively, it would be tiresome, negative, so we adopted the present Article, which would not be burdensome, but strengthen family organizations around the World.

Article 7 (Seat) The seat of our Club is located in Hanam city, Korea.

Article 8 (Signature) The present Covenant may become effective when 3 supporters agree to the present Constitution of our Club.

Kim San and his wife Lee San agreed to be a member of this Club, and I and my wife are ready to become its member. So that the Constitution itself became effective. I asked Kim San to be representative of our Club, and he agreed to it. Hurrah!! Banzai!!

The first Earth-Loving Club was born!!
