## The First Club in Russia!!

### ロシアで最初のクラブ誕生

Not only I, but also my ELAs, I suppose, are pleased at the first birth of Earth-Loving Friendly Club in Russia.

Mr. Aleksandre V. Kytashov is an old friend of

mine (left picture) who had a home stay in 1980-ies in my house and in whose Flat I had many home stays.

On September 8, 2019 I sent him a draft Constitution of RU Club, and talked with him through skype, and he agreed to the Constitution of the RU Krasnoyarsk City Earth-Loving Friendly Club which reads as follows:

## The Constitution of the RU Krasnoyarsk Earth-Loving Friendly Club

We the Supporters of a future Earth-Loving Friendly Organization,

conscious of importance of promoting friendship and partnership among us, inhabitants and nations in the world,

respecting reasonably national as well as international (all humankind) interests,

aspiring for creation and development of a general Earth-Loving Friendly Organization (hereinafter referred to as the ELFO),

adopted in Krasnoyarsk, Russia, the present Constitution of RU Krasnoyarsk Earth-Loving Friendly Club on the tenth day of September, two thousand nineteen year.

*Actually it was drafted in Sapporo in the HOUSE for peace, welfare and Amity (above picture), which is based on a draft Charter (Article 53) of the ELFO.*

*Blue Italic is a drafter Rikio Kaneko's comment.*

**Article 1 (Purposes and activities)** The purposes and activities of the RU Krasnoyarsk Earth-Loving Friendly Club (hereinafter referred to as the Club) are as follow:

1. to strengthen friendship and partnership among the present Club members as well as the other family organizations around the World.

*This purpose is the most important in all Clubs all over the World as well as in all Russia.*

2. to introduce Krasnoyarsk to the World, promoting exchanges especially in economic, and touristic fields, and if possible, producing Earth-Loving Goods and others.

*For example, to produce and sell Earth-Loving Caps is very easy for many ELFCs, because its standard are already made up. How about Earth-Loving Krasnoyarsk products?*

3. to support the said general ELFO, to be its member, to be ready to act for its Krasnoyarsk local branch if our Club and the ELFO agree to such cooperation.
4. to open an Earth-Loving Friendly Party promoted by our Club.

**Article 2 (Principles)** Our Club shall observe the bellow-mentioned principles:

1. to respect all human being's interests as well as reasonably national, regional and local interests.
2. to be friendly and cooperative beyond race, nationality, religion, party, and a State etc.
3. to respect natural friendship which derives from a simple fact that we are human beings.

**Article 3 (Entry)** 1. Not only an inhabitant in Krasnoyarsk, but also any person (an autonomy, its component or a company, a foreigner etc.) may be a member of our Club.

*So I can be its member, too.*

2. In the Club there are 3 kinds of membership: a common member, an organizational member and a ML member.

3. A ML (Mailing List) member has not any duties in relations with the Club. Any ML member has one vote, the right to be a candidate for staff, to join events.

**Article 4 (Principal organs)** 1. In the Club there will be established, as its principal organs, a General Assembly, a Representative, a Secretariat.

*Any ML member may be a staff of these Principal organs. So it may be possible that all the members of the Club are ML members if they like such form.*

2. Representative has a primary responsibility to manage the Club and may appoint its staffs.

**Article 5 (Membership fee)** A common member's annual membership fee is Russian money equivalent approximately to 10 US \$, an organizational member's is that equivalent approximately to 200 US \$.

*Of course, a special budget is compiled as for a special plan, for example, at the time when there will be a party.*

**Article 6 (Cooperation with the ELFO)** Representative shall try to conclude an agreement with the ELFO and other family organizations to the effect stipulated in Article 1, Paragraph 3, provided that after its conclusion members of our Club will be exempted from annual membership fee of the said organizations.

*You know, character of a local ELFC, a regional ELFA (Earth-Loving Friendly Association), a national ELFA and a world-wide ELFO are almost the same: friendly, Erath-Loving and peace -loving. If each member were to pay membership fee to these kinds of organization respectively, it would be burdensome, complex and negative, so we adopted the present Article, which would not be burdensome, but strengthen family organizations around the World.*

**Article 7 (Seat)** The seat of our Club is located in Krasnoyarsk.

**Article 8 (Signature)** The present Constitution may become effective when 3 supporters agree to the present Constitution of our Club.

*I said to Aleksandre that I would be a member. I asked my wife if she was ready to be also a member of this Club, she said, "Yes, I'm ready to be a ML member." Yesterday (on September 9, 2019) he sent me an email, where he wrights, "я согласен с Вашим предложением стать представителем Клуба. Буду рад помочь в развитии Вашей инициативы. In this way the first Earth-Loving Club in Russian was born.*
