## Meia San's Group enjoyed to the full Sapporo & Hokkaido

The ladies are from Philippine, enjoyed their stay in my HOUSE and Hokkaido, and Ms. Meia San became our friend: an ELA (Earth-Loving Associate). The ELA system is one of the best ways to promote friendship among nations without colorful differences such as nationality, language, religion, custom, political system etc.

### Make all sorts of preparations

Sapporo Snow Festival as well as visiting other tourist spots within the Sapporo area.

For duration of fourteen days, we stayed at Rikio-san's place as guests of his Earth-Loving Associate. Within these days, we attended the

Coming from a tropical country, it was already a memorable experience being able to see snow for the first time. We arrived at the evening of January 27, four days before the start of the snow festival. During these four days, we did a short tour around Sapporo, studied the public transportation schedule, went to Asahiyama zoo, and had an activity-filled day

at North Snow Land.

We started attending the snow festival with a visit to the Tsudome site. The event site had two main areas, the indoor site filled with food stalls, souvenir shops and the outdoor site with its numerous activities, most of which are designed for children. It was windy when we came and we eventually experienced our first snow shower. The site also showcased snow sculptures and ice glass making session. The Tsudome site of the snow festival is definitely family-friendly. It had a lot of activities for families to try together from taking a ride over its towering snow slides to making mini-snow man sculptures with the kids.
