May Golden Words Song be popular based on your heart 皆さんのハートにもとづいて 金言歌がポピュラーソングになるよう

You remember that I showed you in MM N.32
my poem for our ELFO (球愛友好機構のための詩).
Since then I rewrote the poem, and yesterday
finally I set the song to a music. (See the below note.)

My original poem was black phrases below-
mentioned, while red phrases were added or
deleted after:

We Let us all **will** walk along Earth-Loving Way,
led by **hopeful shining** LIGHT, with **hopes** ideals:-

The Earth is our precious planet, our native country.
We love it, its nature, want it to be more beautiful.

For all things we want to serve, having high ideals:
Harmony, Respect, Love, Good, and Beauty

Strengthening Friendship, Peace, Solidarity,
Non-Discrimination, Fairness.

First of all, please add your phrases in the place
of XXXXXX below-shown. It is obvious that
some sentence or words are necessary. I hope
our words will remain in history of our ELFO.

2. We (all of us) (will) be **Source of Hopes**, becoming
One Big Family on our Earth,

accompanied by **NEW LIGHT** and **HOPES**,
We will go together this way by **Innovation**, to
New Civilization, for Self-Realization.

Secondly, let's change more or less the melody of
this song: some of you feel that this melody in the left
column is somewhat familiar with you. It's a melody of
Waseda university, which is one of the 3 most famous
university songs in Japan. It is necessary to compose a
variation of this melody. At the next page you see a
second draft of the first part of the ELFO song.
