Misfortunes never come alone for mini States
ミニ国家については、泣きっ面に蜂

On the other hand, CV is spreading in mini States, they are suffering also from global warming (see, MM N.40) and hurricanes. According to Net info of April,15, there are 16 infected persons in Fiji as also just 16 persons in Nepal, while 19th info indicates that there are 18 infected persons and 3 recovered.

I chose Fiji as a typical mini State because **approach to resolve the problems may be on the analogous course with Nepali case** and because there were already some ELAs in Fiji. Now there are several members:

フィジーを選んだのは、ネパールの場合と類似的な方法で問題に取り組みやすく、また仲間にも簡単になりやすいから。

The Other Nations?? その他の諸民族は??

The US, Fiji, Philippines, Mexico

米国、フィジー、フィリッピン、メキシコ

Our precious Earth is suffering

Confirmed cases **2,343,756** Today: +4,632

Deaths **159,815** Today: +181

かけがえなき地球は苦悩している。犠牲者は増加

The USA

Now the USA is in the worst situation, so I expect that our ELAs, especially American ELAs, make efforts to defeat coronaV. Yesterday I began to send my appeal to Americans as follows:

I, a passionate Hon. Prof. of Sapporo Uni (int'l law, rule of law) & my 1000 Earth-Loving Associates create a world-wide Earth-Loving Friendly Organization this year, want to help the USA to defeat coronaV. Join us as an honorable original member, sending me your full address; email address; tel.; profession.

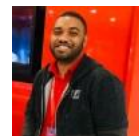

上記のように、地球愛仲間になるよう呼びかけ始めた。

Dear ELAs, please cooperate with each other at least among American ELAs. I'll send you all the email address sooner or later.

If someone is unwilling to opening one's mailto and tel.number to other ELAs, feel free to send me a message to that effect. Again I say I'll respect such privacy to 100 %.

メキシコでも、状況は毎日悪化している

In April, 17th our Mexican ELA Carlos Serrano reported as follows:

I hope the Nepali situation can get better controlled. Here in Mexico the situation is getting worse and worst, the number of cases started to rise fast every day. Since half of the people on this country is poor, they can't also do quarantine at home because they don't have money for food or stay at home without work.

I can imagine many countries not well developed around the World, are leading with this problem. This will be a huge impact for the economy and human being relations and psychological structure.

Dear Carlos San

At present time there are about 7 Mexican ELAs. If you have time, please try to organize better ELAs to defeat coronaV. Our Mexican ELA Francisco Plancarte (above photo, membership N.894) is an advocate, he will cooperate with you. Please study a Nepali case. When you try to appeal to Mexicans to join ELAs, you may use an appealing sentences as follow:

I, a passionate Mexican Carlos Galvez and my 1000 Earth-Loving Associates will create a world-wide Earth-Loving Friendly Organization this year, want to contribute to defeat coronaV.

So please join us as an honorable original member, sending me your full address; email address; tel.; profession.

If you use Linkedin, there is a restriction of numbers of words. Maybe, the above is suitable.

カルロスさん、メキシコの地球愛仲間づくりをして下さい。弁護士のフランシスコさんが貴君と協力するでしょう。メキシコ人に呼びかけるに、アメリカ人への私の呼びかけ文と同じようなものでよいでしょう。

The 2019-20 coronavirus pandemic was confirmed to have reached Mexico in February 2020. As of April 11, there had been 4219 cases of COVID-19 in Mexico and 273 reported deaths, although the Secretariat of Health estimated that, in early April 2020, there were more than 26,000 cases in Mexico.

Bravo, a Mexican boy of 12 years!!

あつぱれ、12歳のホルヘ君が顔マスクを考案!!

Can't we ELAs make such goods home?

地球愛仲間も、このようなものは家でつくれないか?

フェースシールドをつくっている男の子は、メキシコのホルヘ君(12)。新型コロナウイルスの感染拡大で、医療器具が不足していると知ったホルヘ君は、3D プリンターを使い、自宅でフェースシールドをつくり始めた。これまでに100個以上のフェースシールドをつくり、地元の病院に寄付していて、使った医師は「軽くて掃除しやすい。これはとても便利だ」と話しているという。
