Mr. Laurence is ready to be an Australian Representative

At present time there are about 400 ELAs (Earth-Loving Associates) in more than 30 countries. The World is changing so faster than in the past century that we are obliged to walk also more speedily.

You know, as was written in ELA Mail Magazine N.5, Portuguese Ms. Meia Dufour agreed to be a Representative of Portuguese ELAs.

Now Mr. Laurence Lavery is ready to be an Australian Representative. He also stayed in my accommodation and enjoyed Sapporo. I can recommend him as an AU. Representative and will nominate him as the post if another candidate does not appear within a week. He is kind, his action is quick and positive.

How are they appointed as staffs?

Interest and curiosity are the mother of progress

This month a Chinese student wanted to stay in my accommodation, so, you know, I answered her, explaining ELA and a future ELFO (Earth-Loving Friendly Organization). Then I received from her a delightful mail:

About the group[地球愛仲間] you started. I think it's a good organization. Our earth needs peace, so we are all partners. Although our skin color, eye color and hair color are not the same, we can also pass through heart's language. There is an old poetry in China that “四海之内，皆兄弟也”. It means that our friendship across the globe is across racial lines. I'm very interested in it!!! But we only have two days. I wonder what I can do about it?

After some correspondence, I answered her: “First of all, I want you to be vice representative of Chinese ELA. There are many Chinese ELAs.” She hesitated, but I sent a message “

Rather students are future shining stars. What is your university name? You can organize ELAs (Earth-Loving Associates), at least, in your university.

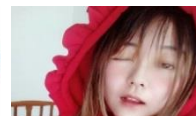

At last she agreed to be a Chinese vice-representative. Her university is 山东外贸学院 (Shandong Foreign Trade Vocational College). And I made up her Visiting Cards as I had made for you. Here you see her and her companions' VCs.

(Her email address and telephone number are here but omitted)

She and her companions already became ELAs and she will come to Sapporo in fall as a Chinese vice representative.

Please recommend oneself as staffs!!

In order to activate ELAs, it's necessary that there would be a Representative in each country concerned. So will you please recommend oneself as a Representative of an ELA group of your country or vice representative.

Many Councils will be in our future ELFO (Earth-Loving Friendly Organization). Under them there will be set up each corresponding department. Please tell me which department of Council you like to belong (you may choose 1 or 2 of them) :

a Religion Council; a Deputies Council; a Council of Peace, a Council of Friendship, a Council of Territories and Boundaries, an Economic Social Council, an Enterprisers' Council, a Council for Labor and Employment, a Council of Public Welfare and Medicine, a Council of Communication and Transportation, a Council for Conservation of Resources, an Educational, Scientific and Cultural Council, a Council of Tourism and Accommodations, a Council of Sports, a Youth Council.
