## Planet Community

My Dear Earth-Loving Family

How are you and your family? It's the first time for me now to use the 'Planet Community'. It seems that it is high time to think about One World Electoral District (OWED). Firstly imagine cosmos, then our Earth. You understand we human beings live very closely related to each other as we are in a bus or in a class.

But alas, see arm race! National States are showing their big fangs, sharpening them more and more. It is as if each passenger in a bus carried a dangerous pistol with a right hand and a mobile of very good communication with a

ガタン!!

left hand, and then more and more elaborate weapons appear as time passes.

Selfish nationalism

Such old anachronistic world derives from unbalanced spread of traditional system of national or local electoral district. Politicians cry out they will do their utmost for national or local interests, rarely mentioning human being interests because it may influence rather badly upon them. If we adopt not only traditional electoral districts, but also one single gigantic electoral district, there will appear **a lot of Statesmen who will make efforts for humankind!!**

By the Internet we can realize the OWED easily. Imagine it, and let's approach it gradually!!

Yours, Rikio

It seems that among our ELAs (Earth-Loving Associates) there is consensus as for the **ELAW** (Earth-Loving Amicable Way) which expresses ethical aspects and comprises treasures of 55 golden words. The ELAW is not a religion, but the whole of ideals, goals, good acts and conceptions. You are seeing every time in my mail magazine, for example:

**Harmony Respect Love Good Beauty**

Who can deny the value of these 55 treasures? Suppose the contrary conceptions and acts: disharmony, despise, hatred, badness, ugliness! Oh, my God, everybody could not endure them.

On the other hand, we know that we cannot realize our ideals or goals so easily. In order realise them it may need a long time. Now you see other 5 goals of the ELAW:

ELAW 5 Clauses for Future Course:

**Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, World Federation**

I have already written about them in my MM (Mail Magazine) in detail (N.27). Here almost all of you cannot bear such contrary situation or conception above-mentioned: *Rule of force; Military settlement; Race of armaments; Absolute sovereignty; Extreme nationalism.*

Such conceptions as **Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, and World Federation** are the demand of 21 century, and we ELAs will walk along this way, establishing an ELFO (Earth-Loving Friendly Organization), and singing our songs with LIGHT and HOPES.

# We FOUND a Key!!

*This Solidarity Council is the most important system in our Organization and in the movements for better Planet because it is analogous to a Parliament in a sense, and secondly, it will have very good effects to harmonize wholistically different conflicting interests on our Planet.*

*First of all, let's see the system to be realized in future. Our ELFO Charter provides as follows:*

## Chapter 8 The Solidarity Council

**Article 34 (All the Earth single constituency)** In order to secure that the Organization would represent not only national interests, but also public interests of whole the Earth, the Organization shall make an effort to introduction of all the Earth single constituency for election of Solidarity Councilors, provided big, middle and small international constituencies may be created in accordance with situation.

*You see, the Solidarity Council comprises in it peaceful function to promote friendly and solidary relations among nations. If we use the Internet, it will be easy to carry out such election, though nationalism is reluctant to it at present.*

*We ELFO must make efforts all the more because it is very valuable and many people does not know such system.*

**Article 35 (An elector)** 1. 50 Parliamentarians whom a Diet of each State appoints and members of the General Assembly shall be an elector. Among quasi members only a ML member may vote.

*ML members may feel that they are, so to speak, an elector in a national election.*

2. The General Assembly may introduce an open vote system.

**Article 36 (An elected person)** 1. From each State may be elected Solidarity Councilors from 18 years

up, with due regard to ratio of national population. This grouping of ratio of population shall be as follows:

| B     | 1 million up and under 100 millions | 2 persons                 |
| C     | 100 million up and under 1 billion  | 3 persons                 |
| D     | 1 billion up                        | 4 persons                 |

*If we classify like this, the Council will be consists of 250 Councilors at most.*

2. A candidate for a Solidarity Councilor shall comply with the following requirements:

- a.to make an oath to the effect that he or she will contribute to friendship, peace and solidary relations among nations;
- b. to be recommended by 3 persons up of different nationality other than one's nationality;
- c. to express one's political opinions on a home page of the Organization;

3. Those who got many votes be elected.

**Article 37 (Composition)** 1. Solidarity Council consists of 230~250 Solidarity Councilors, including 5 Representatives of State.

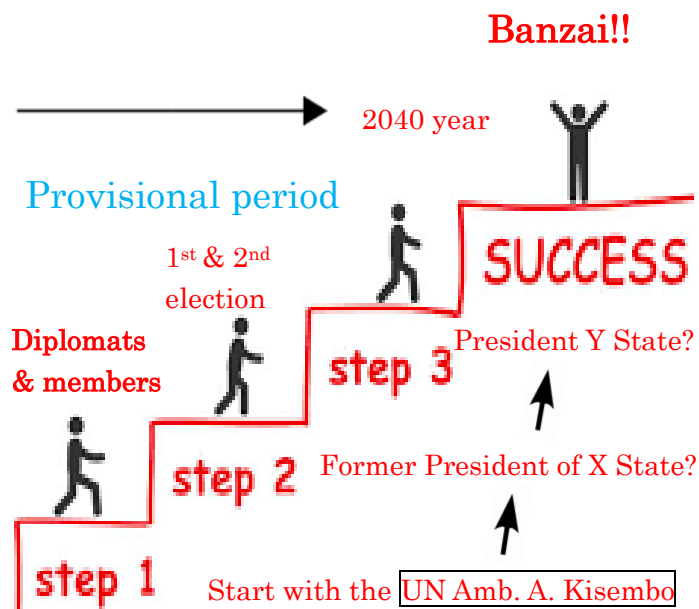

2. Nationality of a Vice-Chief of the Council shall not be the same with that of Chief Councilor's.

**Article 38 (Functions)** In order to maintain friendship, peace and solidarity the Council shall represent common interests of the whole Earth, and have the following principal functions:

- a.to research common interests of the whole Earth, and report or propose about the results to the General Assembly;
- b. to assign Solidarity Councilors to organs within the Organization, and to send them to other organizations or individuals when they need them.

## Actual process will go step by step

**Rome was not built in a day.** We will be obliged to approach the goal of OWED step by step. Such approach is analogous with disarmament, and our ELFO Charter lays provides practical gradual steps as follow.

**Article 16 (Diplomats of international organizations)** 1 Diplomats as of the United Nations and other international organization as well as ELA-Solidarity Ambassador and ELA-Peace Ambassador appointed by ELFO President, and also ELFO members recognized by the General Assembly as a Concilor shall be a member of the Solidarity Council.

*I added the avobe rosy phrase to be recognized the GA later.*

*In the future there will be a lot of the UN Ambassadors in our ELFO. The first memorial UN Ambassador is Mr. Amb. Andrey N. Chernyshov (pic.) who joined us in June 20, 2020. Since then there are already 5 UN Ambassadors in our ELFO. In 10 years, maybe, around 70 UN Ambassadors?!*

United Nations

2. If necessary, election of Solidarity Councilors in the beginning term of the provisional period shall be conducted as provided for in the following Articles.

**Article 17 (General rules)** 1 Election of Solidarity Councilors in the beginning term of the provisional period shall be conducted for the purpose of promotion of friendship and solidarity among nations.

2 Not only Parliamentarians, but also all the member of more than 18 years old may be an elector. Regarding election of Solidarity Councilors, electors have votes which Article 8 provides for.

3 As for an eligible person Article 36 shall be applied with necessary modifications. In order to increase equality of opportunity to be a candidate for Solidarity Councilor an annual membership fee of a candidate under 25 years old and a certain number of candidates may be exempted if they make an application to that effect.

**Article 18 (Election in the beginning term)** 1 The 1<sup>st</sup> and 2<sup>nd</sup> Election of Solidarity Councilors may be conducted in the General Assembly.

*The first election was conducted in our ELFO General Assembly, and 17 ELFO members besides Diplomats were recognized as Solidarity Councilor. (See later their names and pictures.)*

2 Election of Solidarity Councilor may be conducted simply till 2040, and as for succeeding elections the right to vote may be given to Parliamentarians, deputies of Deputies Department.

3 In the beginning term of the provisional period conditions necessary candidacy may be relaxed.

4 The best 25 persons, from each nation, who got more votes shall be made to the public as an elected person.

**Article 19 (The acting Solidarity Council)** 1 The Deputies Council may execute functions provided for in Article 38 while the Solidarity Council is imperfect.

2 Not only a present deputy, but also a former deputy may be a member of the Deputies Department.

# Principles of disarmaments

For the GM (General Meeting) of the SD (Solidarity Department) President Rikio Kaneko presented his ideas on disarmaments as its agenda item. And in July 14, 2021 it was adopted unanimously by the SD before ELFO members. The decision reads as follows:

## Nuclear weapon is an enemy to all human beings

### Principles on Disarmaments of weapons of mass destruction

1. **Earth-Loving Friendly Organization (ELFO)** and all its organs shall be opposed to increase of production and export of weapons of mass destruction (nuclear weapons, biological weapons and chemical weapons) and conventional weapons.

*I am sure that all or almost of the Solidarity Councilors agree to this view point because their mind is Earth-loving. But in our ELFO there are also members from a country possessing weapons of mass destruction, they have a right to express one's opinion.*

2. Convinced that, first of all, the two great nuclear-weapon States shall decrease their unnecessary nuclear warheads early and considerably, the ELFO aims at the stage, as one of its nuclear diplomatic purposes, where the sum of the nuclear warheads possessed by these States will amount to the sum of the nuclear warheads possessed by the other nuclear-weapon States.

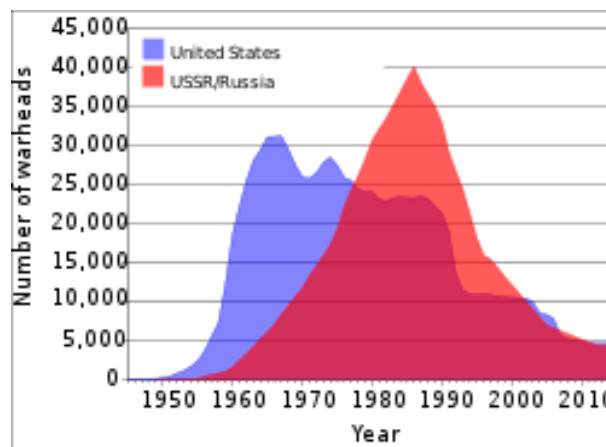

*In early 2019, more than 90% of world's 13,865 nuclear weapons were owned by Russia and the United States.<sup>[19]</sup>*  
([https://en.wikipedia.org/wiki/Weapon\\_of\\_mass\\_destruction](https://en.wikipedia.org/wiki/Weapon_of_mass_destruction))

3. The ELFO is based upon the position that nuclear-weapon States shall agree not to carry out preemptive strike by their nuclear weapons nor to attack by these weapons against non-nuclear-weapon States, and that, while the two great nuclear-weapon States are reducing weapons of mass destruction, the other States possessing such kinds of weapons shall not increase nor develop them.

4. In process of comprehensive general and complete disarmament by all the States of the world the disarmament shall be carried out under strict and effective international control.

5. A State possessing weapons of mass destruction or conventional weapons shall abolish them early or, if it is impossible, pursue to reduce them and military personnel by stages, and owe a duty to possess them very restrictively or abolish them at the last stage.

6. The ELFO supports that States will create and enlarge denuclearized zones where they prohibit not only possession of nuclear weapons, but also their production, distribution and carrying in there, will present its own proposal to States and organizations interested.

# Regional Solidarity Councils On African and Asian States

At the time when our Solidarity Council (SC) was not well organized, Israeli-Palestinian conflict and African conflict concerning construction of Renaissance dam were deliberated in the Interstate Council. And there we can see an embrio of actual application of Solidarity system.

## A. The First Case Israeli-Palestinian Conflict

Furtunately, we have member-Diplomats from the conflicting parties: 2 of them are Israeli Diplomats Mr. Noah Gal Gendler and Mr. Raphael Schutz, and 2 others are Mr. Mohamed Khanfar and Ms.Linda Sobeh from Palestina.

Noah G.

Raphael S.

Mohamed K.

Linda S.

These Diplomats are Dear Members of our Earth-Loving Family and they must never be unfriendly among us because their State antagonistic. What should they and we do? Let's propose in the name of ELFO friendly ideas to the conflicting States:

1. to stop immediately military action if any, and never commence hostilities;

2.to receive supervisory organ of the United Nations to ensure and maintain peace:

3.to submit settlement of conflicts to the ICJ (International Court of Justice) if they cannot solve by other peaceful means;

4. to creat a SC (Solidarity Commission), members of which will be elected by 50 Parliamentarians or Deputies of both conflicting parties respectively.

Such kind of the SC derives from our ELFO Solidarity system promoting friendly relations, which may be applied to any international conflict. (...Omission...)

June 16, 2021 Mr. Dip Hrvoje Cikovic, Chair of the SC decided unanimous adoption of the PROPOSA.

## B. To 3 African States

In July 23, 2021, concerning the dam conflict, Presedent Rikio Kaneko sent the following PROPOSAL 3 African Heads of State: Egypt, Ethiopia and Sudan. The 4<sup>th</sup> paragraph reads:

4. ===== Solidarity Council =====

This Solidarity system is international election system which meets the demand of the 21 century (<http://mopw.org/e-SC-n2.pdf>, pp.1~3). One World Electoral District (OWED) is what is to be created in future, but its regional variation of 3 States Electoral District (3SED) may be conceivable.

Concerned Sates may create 3SED as they like. Our ELFO suggests, however, that if it is difficult for the 3 States to create it, then our ELFO propose the following standard model:

Concerned Sates may create 3SED as they like. Our ELFO suggests, however, that if it is difficult for the 3 States to create it, then our ELFO propose the following standard model:

*a. 50 Parliamentarians whom a Diet of each State appoints shall be an elector*

*b. From each State may be elected Solidarity Councilors from 18 years up, with due regard to ratio of national population. This grouping of ratio of population shall be as follows:*

| Group | National Population                   | The number of the elected |
|-------|---------------------------------------|---------------------------|
| A     | under 100 million                     | 10 person                 |
| B     | 100 million up and under1000 millions | 2 0 persons               |

(Population of Egypt 100, 388, Ethiopia 112,079, and Sudan 42,813 as of 2019)

*c. Principal function of the Solidarity Council is to contribute to settlement of conflicts among Egypt, Ethiopia and Sudan.*

*d. These Solidarity Councilors will have diplomatic privileges and immunity.*

It was probable that the 3 concerned States would not pay attention to such an innovative system, so President R. Kaneko proposed to the GA creation of a Regional ELFO Sollidarity Council (RESC).

## C. Regional ELFO Solidarity Council

In July 20, 2021 President's proposal of creation of this RESC was also unanimously adopted by the ELFO, which reads as follows:

### Rules of the Regional ELFO Solidarity Council

1. Composition:
  - a. When the GA (General Assembly) decides the necessity of creating a RESC, it may be created.
  - b. The RESC may be composed of the ELFO President, Chief of the SD (Solidarity Council), Chief of the IC (Interstate Council), Chief of the PC (Peace Council), President of the ELAC (Earth-Loving Amicable Court), all the Diplomats and the members of concerned States of a given conflict. The Chief of the SC will be Chairperson of this RESC.
2. Functions: Principal function is to contribute to the peaceful settlement of a given conflict, and to present its draft PROPOSAL to the ELFO GA.
3. Principles:
  - a. Every member shall try to be friendly, avoid unfriendly words and behavior.
  - b. Every member shall refrain from asking other members to take an important action when situation is not clear, and while the RESC is deliberating the given conflict.
4. When the GA adopts the draft PROPOSAL, ELFO President shall send the PROPOSAL to the conflicting States
5. Present rules shall be applied not only in time of peace (including time of severance diplomatic relations), but also in time of war, provided that in case of war present rules shall be applied harmoniously with domestic laws of belligerent States.

## Compostion of RESC of EES

In accordance with the Rules of the RESC, the following members will compose the RESC of EES (Egypt, Ethiopia and Sudan):

1. The ELFO President----- Mr. Rikio Kaneko
2. Chief of the SD ----- Mr. Abraham Kisembo
3. Chief of the IC (Interstate Council) ----- (Vacant)
4. Chief of the PC ----- Ms. Cheryl R. Piggott

8. From Sudan: Dip. [Ahmed Abdelatif](#)

Presiden Rikio Kaneko asks if Dip. [Ahmed Abdelatif](#) from Sudan (left pic.) and Dip. [Allan Mckenley B.](#) transmitted our **PROPOSAL** to their Heads of State.

## Urgent motion to the General Assembly Addition of more friendly Diplomats and MPs

Here please permit me, Rikio Kaneko, to propose an urgent motion to the GA (General Assembly). I want to add Diplomats and MPs (Members of Parliament) etc. who may promote more friendly relations among the 3 concerned States:

### A. Diplomats

[Shawqy AlWaily](#) He is our ELFO member, an Arabic Reviser and Diplomat at African Union, he is from Ethiopia.

### B. Statemen and others

Statemen, deputies, any national of the concerned 3 States. Any member may ask them to join our ELFO and the RESC of EES.

# ELFO Delegation

On Sunday, July 25th, 2021 Chief of Solidarity Council, Mr. Amb. Abraham Kisembo (pic.) sent me a good message on THE NEED FOR DIALOGUE BETWEEN THE THREE HEADS OF STATE, which reads, among others, as follows:

*Greetings from my family. May you enjoy Love, Peace and Harmony. I thank you for writing to the Heads of State of Egypt, Ethiopia and Sudan regarding the Dam conflict in play. Dear President, I have received a copy of the same. I would like to however suggest the following steps towards achieving a harmonious conclusion of this matter:*

*1. Let ELFO constitute a team of delegates who will visit the three states in conflict upon agreement by the Heads of State thereof. The team of Delegates might be comprised of The ELFO President or his designate, the Inter State Council Chief, The Solidarity Council Chief and one Diplomat from each State. These will visit the three states in conflict independently upon agreed schedule and timing. Their main duty is to ascertain the nature and gravity of conflict, document concerns by each Head of State.*

*2. The Delegation will analyze the problem and meet the stakeholders especially the communities where the Dam is meant to be constructed to familiarize themselves with the local situation on ground.*

*3. The Delegation will write a report on their findings that will be shared with the three heads of State as recommendations.*

*4. Finally a dialogue meeting shall be scheduled in a neutral state different from the three States in conflict and an agreement may be drafted and signed upon which all three Heads of State shall agree on a peace Accord.*

Thank you so much, dear Abraham Kisembo San!! Let's embody your idear as soon as possible.

The United Nations is organization where national interests are adjusted while our Earth-Loving Friendly Organization will defend not only national, but also all human being interests.

Its draft Charter, Article 8 reflects such principal idea. **Not only States, but also autonomies and individual have due votes.** The ELFO Charter provides:

**Article 8 (The right to vote)** 1 Members poll different votes in accordance with their kinds, in principle, as follows:

*The number of votes is based on population of States, autonomies, members of organizations.*

a. a State and an autonomy (self-governing community) have bellow-mentioned right to vote, ratio of its population being taken into account;

i **80 votes** are given to a State or autonomy with more than 1,000,000,000; (*India, China*)

ii **70 votes** are given to a State or autonomy with the population from 100,000,000, 000 to less

than 1,000,000,000; (*Philippine, Bangladesh, US, Indonesia, Pakistan, Russia, Japan*)

iii **60 votes** are given to a State and an autonomy with the population from 10,000,000

from 10,000,000 to 100,000,000. (*Algeria, Argentina, Cameroon, Iran, Sri Lanka, Poland, Myanmar, Mexico, Ghana, Senegal, Nepal,*)

iv **50 votes** are given to a State and an autonomy with population from 1,000,000 to less than 10,000, 000; (*Dominica, Israel, Lebanon, South Sudan, Benin, EL Salvador, Hamburg, Sapporo:bellow photo*)

*Kathmandu*

v **40 votes** are given to a State and an autonomy with the population from 100,000 to less than 1,000,000;

vi **30 votes** are given to a State and an autonomy with the population from 10,000 to less than 100,000; (*Malta, Bhudiganga*)

vii **20 votes** are given to a State and an autonomy with the population from 1,000 to less than 10,000;

viii **10 votes** are given to a State and an autonomy with the population less than 1,000.

## The UN and other regional organization 国際連合と他の国際組織

How many votes shall be given to international organizations? There are many kinds of organizations. Here I want to consider such international organizations members of which are States. At present time there is not a rule regarding it, but I will propose that votes are given to an international organization in accordance with the whole population living in these member states.

United Nations 国際連合 联合国  
المتحدة الأمم 연합 국가 संयुक्त राष्ट्रहरू  
Les Nations Unies Naciones Unidas  
Организация Объединенных Наций

A draft Charter of the ELFO stipulates that 80 votes are given to a State or autonomy with more than 1,000,000,000; (as China & India). So **80 votes** will be given to the United Nations.

another diplomat of African Union join us. He is from Ethiopia.

## Int'l Human Rights Commision

Besides regional intetnational organization, there is another functional kind of international organizations, one of which is an IHRC (International Human rights Commision <https://www.ihrchq.org/>), which is

of intergovernmental character, and an Ambassagor thereof has diplomatic privileges. In its web site you can see our ELA:

Romanos Raad (2020/05/22) (Ambassador at Large at International Human Rights Commission-IHRC). He believes all people are created equal no matter of color, religion or race.

There are several kinds of Diplomats in the

IHRC: Ambassadors at large; Ambassadors; Government Diplomats and Special Ambassadors. Mr. Romanos Raad says that Special Ambassadors mentioned below have not diplomatic privileges:

1. Goodwill Ambassadors
2. Global Peace Ambassadors
3. Peace Ambassadors
4. Young Ambassadors

IHRC of Inter-governmental organization, was created in the Czech Republic in 2017, deals with humanitarian aid and protection and respect for human rights around the world. It is an impartial and independent, and very importantly, selffinancing organization. Currently, IHRC has accredited offices in Ukraine and Lebanon.

In addition, it has signed a diplomatic memorandum of understanding with the Republic of Niger and Republic Guinea-Bissau and Kingdom of Hawai'i Government. Diplomats from countries with which accession protocol has been signed as officially IHRC Ambassadors at Large .

IHRC's mission is to support and develop international information and organizational activities, as well as through active participation in current events in Europe and around the world, support of communication platforms between governments, government programs and diplomatic missions as well as participation in their creation. nations of the world.

(<https://www.linkedin.com/company/international-human-rights-commission-ihr/>)

Il existe de nombreux types d'organisations internationales. Nous, ELA, espérons, entre autres, que les organisations internationales régionales telles que présentées sur la carte ci-dessous se joindront à nous.

The Charter of the ELFO, however, pursues more general, stronger, and hearty solidarity among nations. The ELFO Solidarity Council is the most important in our Organization and in the movements for better World because the Council is analogous to a Parliament in a sense, and secondly, it will have effects to harmonize different conflicting interests. For promoting strong solidarity among nations, the Charater provides as follows:

#### Article 34 (All the Earth single constituency)

In order to secure that the Organization would represent not only national interests, but also public interests of whole the Earth, the Organization shall make an effort to introduction of all the Earth single constituency for election of Solidarity Councilors, provided that big, middle and small international constituencies may be created in accordance with situation.

If we adopt election system of national character, candidates will cry out, "I'll fight for our nation." If we build election system of wholictic character, then candidates for a Solidarity Councilor woud make a speech that he would devote oneself for the Earth, all the nations, or all human beings.

You see, the Solidarity Council comprises in it peaceful function to promote friendly and solidary relations among nations. If we use Internet, it will be easy to carry out such election, though nationalism may be reluctant to it at present.time.

### Diplomat-Members

The second kind of members of the SD (Solidarity Department) are Diplomat-members of not international organizations, but of a State who appointed them as her Diplomat.

ELFO President Rikio Kaneko does not know if they joined the ELFO with permission of their MFA (Ministry of Foreign Affairs) , because he make it a rule not to ask them in this respect.
