The United Nations is organization where national interests are adjusted while our Earth-Loving Friendly Organization will defend not only national, but also all human being interests.

Its draft Charter, Article 8 reflects such principal idea. Not only States, but also autonomies and individual have due votes. The ELFO Charter provides:

Article 8 (The right to vote) 1 Members poll different votes in accordance with their kinds, in principle, as follows:

The number of votes is based on population of States, autonomies, members of organizations.

a. a State and an autonomy (self-governing community) have bellow-mentioned right to vote, ratio of its population being taken into account;

i 80 votes are given to a State or autonomy with more than 1,000,000,000; (India, China)

ii 70 votes are given to a State or autonomy with the population from 100,000,000, 000 to less than 1,000,000,000; (Philippine, Bangladesh, US, Indonesia, Pakistan, Russia, Japan)

iv **50 votes** are given to a State and an autonomy with population from 1,000,000 to less than 10,000, 000; (*Dominica, Israel, Lebanon, South Sudan, Benin, EL Salvador, Hamburg, Sapporo:bellow photo*)

Kathmandu

vii **20 votes** are given to a State and an autonomy with the population from 1,000 to less than 10,000;

viii **10 votes** are given to a State and an autonomy with the population less than 1,000.

The UN and other regional organization 国際連合と他の国際組織

How many votes shall be given to international organizations? There are many kinds of organizations. Here I want to consider such international organizations members of which are States. At present time there is not a rule regarding it, but I will propose that votes are given to an international organization in accordance with the whole population living in these member states.

United Nations 国際連合 联合国
المتحدة الأمم 연방 국가 संयुक्त राष्ट्रहरू
Les Nations Unies Naciones Unidas
Организация Объединенных Наций

A draft Charter of the ELFO stipulates that 80 votes are given to a State or autonomy with more than 1,000,000,000; (as China & India). So **80 votes** will be given to the United Nations.

My Professional experience in Diplomacy, Peace studies and International Relations and International trade, drives me to explore new avenues for business. As an active Diplomat, I have had the opportunity to travel and see business developments around the world.

I have been able to assess the development of business and seen that it will be good to seek partners that will be willing not only to do business in Sierra Leone but also help to develop the potential that the country has in Diamond polishing, fishing, in agriculture and even in tourism. Sierra Leone has great potential for Golf tourism and also aqua tourism. In a way, there is so much that Sierra Leone can offer to its people in terms giving back to the Sierra Leonean society when it comes to Socio-Economic benefits.

In relations to our infrastructure vis a vis Education, Health, Agriculture and Inter related

matters, I am confident that with the right approach in terms of serious research and after thought, we will be able to develop strategies that will bring us to the level of others, that have developed there modus operandi to succeed as a nation and as a people.

Should we reach that level of development, it will be certain that we will enable our people to live longer lives, to be able to sustain themselves, to be able to have quality way of living and would be able to determine their future. That aspect of our development, is in our hands and I pray we are able to deliver them in our generation.

According to Wikipedia:

The **Sultanate of Sulu** (Arabic: سلطنة سولك, Tausūg: سوڤك سدين كا سول تاذن, Malay: سلطانن سولو دارুল سلا) was a Muslim state^[note 1] that ruled the islands in the Sulu Archipelago, parts of Mindanao in today's Philippines, certain portions of Palawan and north-eastern Borneo (present-day the certain parts of Sabah and North Kalimantan).

The sultanate was founded on 17 November 1405^{[5][note 2]} by a Johore-born explorer and religious scholar Sharif ul-Hashim. *Paduka Mahasari Maulana al Sultan Sharif ul-Hashim* became his full regnal name, *Sharif-ul Hashim* is his abbreviated name. He settled in Buansa, Sulu. After the marriage of Abu Bakr and a local *dayang-dayang* (princess) Paramisuli, he founded the sultanate. The Sultanate gained its independence from the Bruneian Empire in 1578.^[9]

At its peak, it stretched over the islands that bordered the western peninsula of Zamboanga in Mindanao in the east to Palawan in the north. It also covered areas in the northeast of Borneo, stretching from Marudu Bay,^{[10][11]} to Tepian Durian (in present-day Kalimantan, Indonesia).^{[12][13]} Another source stated the area included stretched from Kimanis Bay, which also overlaps with the boundaries of the Bruneian Sultanate.^[14] Following the arrival of western powers such as the Spanish, the British, the Dutch, French, Germans, the Sultan thalassocracy and sovereign political powers were relinquished by 1915 through an agreement that was signed with the United States.^{[15][16][17][18]}

In Kakawin Nagarakretagama, the Sultanate of Sulu is referred to as Solot, one of the countries in the Tanjungnagara archipelago

(Kalimantan-Philippines), which is one of the areas that is under the influence of the mandala area of the Majapahit kingdom in the archipelago.

"We have lived our lives by the assumption that what was good for us would be good for the world. We have been wrong. We must change our lives so that it will be possible to live by the contrary assumption, that what is good for the world will be good for us. And that requires that we make the effort to know the world and learn what is good for it." Wendell Berry
There is no greater beauty than the simultaneous resolution of multiple great problems,

and this is where we are now. We are both at the brink of catastrophe, and on the edge of a new world: a new world where everyone is not just energy self-sufficient, but also an energy donor/entrepreneur when and if they so desire; a new world in which every child no matter where they are has access to the best medical care, and the best, most nurturing level of world class education; a new world of robust, resilient, and sustainable personal and community freedom; a new world in which the age-old conflict between human technologies and natural systems, has been resolved and human technologies have reached a higher level so as to be seamlessly embedded in of and with natural technologies.

The Government of Ethiopia is supporting Russia for invading Ukraine. The Diplomatic and Political support is now scaled up to sending soldiers clandestinely. Those on Queue are not self-motivated but selected by the despotic Government of Ethiopia.

Ethiopians supporting Russia

In the LinkedIn Dip. Berhane Gebremeskel informs readers of Ethiopians supporting Russia in Russo-Ukrainian war, showing a picture:

Ethiopian men seen in a long queue at the entrance of the Embassy in Addis Abeba. Picture: Social media

Addis Abeba – The Russian Embassy in Addis Abeba denied that pictures and information circulating on Social Media showing long queue of Ethiopians at the entrance of the Embassy in Addis Abeba were Ethiopians waiting in line to join the Russian army in its invasion of Ukraine. But admitted that the queue was that of Ethiopians lined up to show solidarity.

Russian embassy Press attaché Maria Chernukhina [told AlAin website](#) that “Russia has not advertised to recruit Ethiopians for the war in Ukraine, and the information circulation social media is false.” But she said it was true that Ethiopians had gone to the embassy “to show their solidarity with Russia.” The Press attaché also said that many Ethiopians were sending email and delivering messages in person that they are on Russia’s side in the war against Ukraine, and Russia “thanks them.”

Meanwhile, the embassy of Ukraine in Addis Abeba informed a fact checking website, [Ethiopia Check](#), that “this is a tragic happening. If an Ethiopian dies in this war, it will be a tragedy for both Ukraine and Ethiopia.”

YFWP/AMBASSADORS FOR PEACE is an International NGO with Special Consultative Status at the United Nations' Economic and Social Council (ECOSOC). They are a network of committed young professionals who are introducing innovative approaches to peace building, youth leadership training, and interfaith understanding in some of the world's most explosive conflict regions. The Youth Federation for World Peace commends the selfless work of these men and women to build a world of lasting peace beyond the inherited boundaries of ethnicity, culture, and religion. We believe that collaboration can increase effectiveness and lead to a critical mass for peace. This is a selection of Young Ambassadors for Peace who are investing their lives for positive change in their societies and in the world.

Mission

The Youth Federation for World Peace (YFWP) is a global network of individuals and organizations dedicated to building a world of peace in which everyone can live in freedom, harmony, cooperation, and prosperity. Peace is not simply the absence of war or a term that applies only to the relationships among nations. Peace is an essential quality that should characterize all relationships.

YFWP advocates renewal of the United Nations, including a proposal that the UN create an interreligious council within its structures. YFWP implements its programs through a global network of Ambassadors for Peace. YFWP encourages all religions to dialogue and cooperate for peace based upon the recognition that human dignity derives

from a universal divine source that is the basis of harmony and unification. YFWP offers relief and humanitarian programs; experiential service-learning projects; character education and sports programs with a special focus on personal leadership and peacemaking skills.

I am in charge of developing programs and projects at the National EXCO level to help the organization attain its organizational goals.

Article 15 on the Interstate Council

Above-shown all the VIPs have such special status as bellow-mentioned in Charter, Article 15:

Article 15 (Interstate Council) 1 In the provisional period, as for a State where a State Head is not a Councilor, former Heads of State, former candidates for a Head of State, present and former diplomats as well as members Solidarity Council may be a Councilor, and the Council may be opened only by these Councilors.

The present Article 15 is a new one which I made open to the public on May 6, 2019. Up to the present time I used words 'Interstate Council'. Because only God knows when a State joins this Council. So now I propose to open the wider door through which a former Head of State and former candidates for a Head of State and even diplomats

may also be a Councilor.

2 A former State Head has 30 % of votes which a present State Head may have. Each former candidate for a Head of State has 20 % of votes which a present State Head may have.

This is a stipulation which reflects multilateral opinions and interests in a given country, and makes closer connections with world people fairly.

Dr. Leo Rebello was a candidate for Indian President of 2017, and joined our ELA on March, 19, 2020. If he is to be a member of the Council, he would have 16 votes. ([click here](#))

3. The present Council shall be composed of **20 Councilors** with different nationality, and President will respect a list of candidates for a Councilor which a plenary meeting of a Department of the Council recommends.

Who will be Representative of this Department?

At present time there are more than 50 members in the Department of the Interstate Council. 20 Councilors will be selected from among them. Who is ready to be a Councilor?

In future there will be many ELA-Diplomats in our ELFO, Then what will do the other diplomats? The members other than Councilors have their own functions, too, See the following paragraph:

4. A diplomat may be a member or an observer of other principal organs excepting a News and Information Council, the Earth-Loving Amicable Court and Secretariat.

The latter 3 organs don't want intervention from Sates. But other 21 Councils will welcome ELA-Diplomats and other VIPs.

Please choose a Council(s) which you want to join from among the bellow-mentioned list of Councils and send me its name:

- 1) a Solidarity Council,
- 2) a Religion and Ethics Council;
- 3) a Deputies Council; a Council of Peace,
- 4) a Council of Friendship;
- 5) a Council of a Judicial Affairs,

- 6) a Council of Territories and Boundaries,
- 7) an Economic Social Council;
- 8) an a Finance and Industry Council,
- 9) a Human Rights Defense Council,
- 10) a Council for Employment and Labor;
- 11) a Council of Welfare and Medicine,
- 12) a Council for Humanitarian Aid,
- 13) a Council of Communication and Transport, a
- 14) Council for Conservation of Resources,
- 15) an Educational, Scientific and Cultural Council,
- 16) a Council of Tourism and Accommodations,
- 17) a Council of Sports,
- 18) a Youth Council

5. The greatest function of the Council is to contribute to promotion of friendship and peace among nations and propose, to interested persons.

At the first stage of development of the Council let's try to do a simple and easy plan. Then gradually we'll do something more important.

6. Under the present Council will be set up an office which is composed of retired diplomats mainly, provided that it has its own right to propose.

Councilors

ELFO Charter, Article 15 stipulates as follows:

3. The present Council shall be composed of 20 Councilors with different nationality, and President will respect a list of candidates for a Councilor which a plenary meeting of a Department of the Council recommends.
