## ELA's High Ideals

### Altaj Idealoj de ELA

### 地球愛仲間の高い理想

It seems that among our ELAs there is consensus as for the ELAW (Erath-Loving Amicable Way) which expresses

ethical aspects and comprises treasures of 55 golden words. The ELAW is not a religion, but the whole of ideals,

goals, good acts and conceptions. You are seeing every time in my mail magazine, for example:

**Harmony Respect Love Good Beauty**

Who can deny the value of these 55 treasures?

Suppose the contrary conceptions and acts:

*Disharmony, despise, hatred, badness, ugliness!*

Oh, my God, everybody could not endure them.

On the other hand, we know that we cannot realize our ideals or goals so easily. In order realise them it may need a long time. Now you see other 5 goals of the ELAW:

ELAW 5 Clauses for Future Course:

**Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, World Federation**

I have already written about them in my MM (Mail Magazine) in detail (N.27). Here almost all of you cannot bear such contrary situation above-mentioned: Rule of force; Military settlement; Race of armaments; Absolute sovereignty; Extreme nationalism.

Such conceptions as **Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, and World Federation** are the demand of 21 century, and we ELAs will walk along this way, establishing an ELFO (Earth-Loving Friendly Organization), and singing our songs with lights and hopes.

Now please see new members, whose numbers are written with red letters. At last I also succeeded in inviting a Diplomat. (See N.14)

As a Secretary-general, I must make an effort to be fair and welcome a newcomer without distinction as to language, nationality, religion, etc.

In our life and journey optimism help us. If all the persons were the same, it would not be interesting. The very fact that there are so many kinds of colorful people in a ship, on streets and on our Earth is more interesting.

Up to the present time some new members, especially VIPs and Diplomats, were introduced in MM, but in future I'll try to introduce all the newcomers, using info already opened and in accordance with ELFO policy on openness. Anyway please send me your message if you don't want to be introduced to our ELFO members.

Overwhelming majority of new members have joined our Family by patient efforts of ELFO President Rikio Kaneko. So that I will repeat it each time.

## !!Welcoming Messages!!

Dear ELFO Family,

Please see new personalities from various countries. Let's welcome them warmly. What is important is friendship, respect and kindness among members. I say this, because every day President Rikio and staff of Secretariat are making great efforts to invite people to join our ELFO for FRIENDSHIP.

GA Chair Irina Karpekina

Oh! Oh! Oh! Oh! Oh! Oh!  
I would like to hear you,  
I would like to understand you,  
Because you are SOMEONE!  
If you want, you can say  
what you feel, can even scream.

AH! AH! AH! ADOLESCENT!  
They say that you are sick,  
And that this is teenage phase,  
But no, don't give up!  
Don't isolate yourself because  
you,  
you are SOMEONE!

AH! AH! AH! ADOLESCENT!  
Your mother and me,  
Your brother and me,

There's the Sun and there's the moon,  
She has the fear, but has roses with HOPPs,

I say she is hot,  
There's the night, but there's the day,  
Poetry and prose.  
There's death, but there's love with LIGHTs,  
And it has the motto and it has the gloss  
I say she is hot,

We all welcome you warmly,  
We want to be always with you,  
I bring this rose to give you,  
I bring this rose to give you,  
I bring this rose to give you.  
Now you can be happy and calm!!

## Representative system

The ELFO Charter, Article 8 lays down:

2 So long as a member does not express yes or no, his or her Representative shall be regarded a mandatory, and his or her yes or no shall also be regarded as the same with that of Representative.

This is very convenient and useful means of voting. I, Irina, for example, am a Representative of many members, so if they don't express their Yes or No, it will be regarded as the same with mine.

At the following pages Representative names are written with red letters. President Rikio invites so many people to the ELFO that his name is omitted.

Motivation!

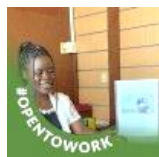

I knew how motivated I was when I was made a team lead in the first organization I worked with. It propelled me to do more. Yet, found myself in another organization, 3yrs later and was called off a project because of professional negligence, amounting to incompetence. I was devastated.

But I later realized that, a company /organization in it's growth prime has to be handled with utmost focus. Do not neglect or misplace priority, both for staff welfare and organization's management. You have to strike a balance.

Yep, there are greater opportunities when you balance both perspective of the employees and organization during growth.

#### The Affirmations

1. We believe all people are entitled to freedom, peace and justice. We will do all that we can to see these rights are promoted and protected in the current century.
2. We believe any kind of negative discrimination such as racism, sexism and religious persecution are crimes against humanity. We cannot endorse sole progression of man from animal as it rejects spiritual evolution. We will respect all human kind.
3. We believe in freedom of the press and object to media censorship. We believe we have the responsibility to stay informed and the right to have resources for this available without restrictions.
4. We reject war, terrorism and arms build ups as they are plagues on mankind and the environment.
5. We support and encourage efforts to preserve and protect the environment. Air and water pollution, unbridled harvesting of fossil fuels and loss of habitat need to be stopped. We are committed to do our part by recycling and curbing wasteful habits. We recognize our responsibility to future generations in this regard.
6. We believe we must provide education worldwide in health and family planning. We must foster respect for life and accept responsibility for the offspring we create. Programs facilitating borderless adoptions need to be encouraged.
7. We believe everyone is entitled to a good quality of life including clean water and air, energy availability

for home and commerce and a healthy diet. Every nation and its leaders must be accountable that these needs are met.

8. We will respect all life including animal rights and insist on their protection and humane treatment in food preparation entertainment and sports.

Dear Irina,  
It is with great humility that I read about Earth Loving Friendly Organization, and I am grateful to receive this information from you. As a believer for equality and harmony among all people in the world, co-existing peacefully with nature and other creatures who call Earth home, I am grateful that you are part of an organization that celebrates this

message, which I deeply share. Coming from a developing country, I have volunteered with a group of people myself to send a message of community service and empowerment of many that are marginalized, and I hope to continue making it my life's mission to help uplift the lives of others - economically, socially, politically, mentally, emotionally, physically and spiritually. Seeing that ELFO is an oasis of friendship that celebrates humanity, I am eager to learn more, participate in the Zoom meetings, and see how further we can engage to uplift the world. Could I kindly receive the PDF files on my email at [jamalharsam@gmail.com](mailto:jamalharsam@gmail.com)? I have tried to read the links but they seem to not open the files.
