ELA's High Ideals

Altaj Idealoj de ELA

地球愛仲間の高い理想

It seems that among our ELAs there is consensus as for

the ELAW (Erath-Loving Amicable Way) which expresses ethical aspects and comprises treasures of 55 golden words.

The ELAW is not a religion, but the whole of ideals, goals, good acts and conceptions. You are seeing every time in my mail magazine, for example:

Harmony Respect Love Good Beauty

Who can deny the value of these 55 treasures? Suppose the contrary conceptions and acts: *Disharmony, despise, hatred, badness, ugliness!*

Oh, my God, everybody could not endure them. On the other hand, we know that we cannot realize our ideals or goals so easily. In order realise them it may need a long time. Now you see other 5 goals of the ELAW:

ELAW 5 Clauses for Future Course:

Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, World Federation

I have already written about them in my MM (Mail Magazine) in detail (N.27). Here almost all of you cannot bear such contrary situation above-mentioned: Rule of force; Military settlement; Race of armaments; Absolute sovereignty; Extreme nationalism.

Such conceptions as Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, and World Federation are the demand of 21 century, and we ELAs will walk along this way, establishing an ELFO (Earth-Loving Friendly Organization), and singing our songs with lights and hopes.

Now please see new members, whose numbers are written with red letters. At last I also succeeded in inviting a Diplomat. (See N.14)

As a Secretary-general, I must make an effort to be fair and welcome a newcomer without distinction as to language, nationality, religion, etc.

In our life and journey optimism help us. If all the persons were the same, it would not be interesting. The very fact that there are so many kinds of colorful people in a ship, on streets and on our Earth is more interesting.

Up to the present time some new members, especially VIPs and Diplomats, were introduced in MM, but in future I'll try to introduce all the newcomers, using info already opened and in accordance with ELFO policy on openness. Anyway please send me your message if you don't want to be introduced to our ELFO members.

Overwhelming majority of new members have joined our Family by patient efforts of ELFO President Rikio Kaneko. So that I will repeat it each time.

!!Welcoming Messages!!

Dear ELFO Family,

Please see new personalities from various countries. Let's welcome them warmly. What is important is friendship, respect and kindness among members. I say this, because every day President Rikio and staff of Secretariat are making great efforts to invite people to join our ELFO for FRIENDSHIP.

GA Chair Irina Karpekina

Finally you've found an Earth-Loving peaceful FAMILY!!

II

We all welcome you joyfully

See the calmest precious
Oasis by lovely flowers.
Look at Africans, Americans,
Asians, Europeans sharing
friendly blessed common
water, having crossed a peak of long life journey.

My welcoming hymn

Acting Chief of Religion and Ethics Council
Edmario Peixinho

Oh! Oh! Oh! Oh! Oh! Oh!
I would like to hear you,
I would like to understand you,
Because you are **SOMEONE!**
If you want, you can say
what you feel, can even scream.

AH! AH! AH! ADOLESCENT!
They say that you are sick,
And that this is teenage phase,
But no, don't give up!
Don't isolate yourself because
you,
you are **SOMEONE!**

AH! AH! AH! ADOLESCENT!
Your mother and me,
Your brother and me,
My mother and I,
And your mother's parents.
We are all one large **FAMILY.**

We welcome you warmly,
Welcome, welcome,
Come and meet life.
I say she is hot,
There's the Sun and there's the moon,

She has the fear, but has roses with HOPPs,

I say she is hot,
There's the night, but there's the day,
Poetry and prose.
There's death, but there's love with **LIGHTs**,
And it has the motto and it has the gloss
I say she is hot,

We all welcome you warmly,
We want to be always with you,
I bring this rose to give you,
I bring this rose to give you,
I bring this rose to give you.
Now you can be happy and calm!!

Representative system

The ELFO Charter, Article 8 lays down:

2 So long as a member does not express yes or no, his or her Representative shall be regarded a mandatory, and his or her yes or no shall also be regarded as the same with that of Representative.

This is very convenient and useful means of voting. I, Irina, for example, am a Representative of many members, so if they don't express their Yes or No, it will be regarded as the same with mine.

At the following pages Representative names are written with red letters. President Rikio invites so many people to the ELFO that his name is omitted.

Greeting from my side!

If you are willing to engage someone passionate and renowned Ambassador, Communication assistant, English Language teacher, Content writer, or HR Assistant with your Organization/company, then congratulation! You are at right place.

Welcome to my Profile!

I am Saqlain Shah. Being visually impaired person (blind), I have completed M.A English from a renowned University of Pakistan. Though Most of the people face a lot of hurdles and obstacles in their student and professional life, still my hard work, achievements, and struggles are different from others.

Several fields of life were closed for me due to visual barrier, yet I achieved something for my bright future. I have six years of experience in different sectors. For instance, I worked as 'content writer' from 2015 to 2017, English language teacher at ABCL academy, from 2017 to 2018, 'Ambassador,' 'Coordinator,' 'Trainer for blind people', HR Assistant, and 'proof reader'.

These roles (Either for short term or long term) were being performed from 2018 to the end of 2021. Eventually, by the start of 2022, I enrolled myself for an Internship at Engro Corporation limited in IT department. It was Six week internship and after the completion of this short term role, I joined organizations like @CVSP, Easyinsurance, etc. In the same year,

I made plans to open a welfare organization to play my part for the undermarginalized communities. Probably You might have heard name of 'Global welfare trust' (GWT), Yes! It's my own project and I'm working on it. Several things are in the pipeline and I'm working with my team to initiate welfare projects for the 'people of this region'.

Well, still You need my services in Your projects, then 'My previous 'Roles' are suitable for the Communication related projects/assignments. If You are satisfied with my 'hard work and struggle,' I request you kindly consider my efforts and keep my testimonials for the projects that are offered from your

FROM Hon. Pres. Rikio: I am Pres. of ICO (International Conciliation Organization), and wish that you play an important role in our ICO. I am pleased if you send me positive message. Dear Dr. Prof, Walid, let's welcome happy new year with you as a source of HOPEs!!

One of the most suitable status for you is, to my thought, is that you will be President or Vice-President of the ICO. It adopts system of

PRESIDENT of 3 HEADs: 1st President responsible for general affairs, 2nd President for foreign affairs, and 3rd President for internal affairs.

Dr. Walid: Thank you for the excellent offer, but in order to accept the duties of president, I need to know more about the tasks and activities of the organization, its employees, its financial system, its regulations, and its members.

Rikio: Thank you so much for you message. It's easier than you supposed because members are composed of the ELFO members.

Firstly, the task and activities of the ICO: They are stipulated in the ICO Charter: "1. To contribute to development of friendly relations among nations and 2. To contribute to maintaining peace and peaceful settlement of conflicts and belligerency through conciliation". For further info:

<http://mopw.org/ini.%20m.%20n4-jun7,22.pdf>

Secondly, its employees: there is no employee in the ICO because staffs of the ELFO are doing many affairs for the ICO gratis. I suppose such cooperation will continue in future.

Thirdly, its financial system: ICO members don't have to pay membership fee because it is paid from the ELFO budget, provided that ICO members shall pay ELFO membership to the ELFO.

Fourthly, of course, besides ICO Charter there are other rules and regulations. One of the most important is Rules on President and the other staffs which you see in
<http://mopw.org/rules%20on%20pres.n3.pdf>

Fifthly, ICO members: Majority of them are VIPs and Diplomats of MFA (Ministry of Foreign Affairs). Others are lawyers, Scholars, civilian Ambassadors. You can see them in detail in the URL: <http://mopw.org/rules%20on%20pres.n3.pdf>

Recently I appointed Mr. Charles Ani as my Acting President. He will also help you as an Acting President. (See him in the attachment).

Dear Dr. Prof. Walid, I want so much to welcome happy new year with your cooperation, and with fresh atmosphere,

On 2023/12/29 16:50, Dr.Walid Fahmy wrote:

Ambassador at (GGA) Volunteer . Rights Activist and Peace lover. His representative is Mrs. Irina.

From the employee's perspective, as the business grows there should be a visible growth of the employees official status and personal welfare, according to productivity and output in carrying out their duties. This shouldn't be denied them. Motivation!

I knew how motivated I was when I was made a team lead in the first organization I worked with. It propelled me to do more. Yet, found myself in another organization, 3yrs later and was called off a project because of professional negligence, amounting to incompetence. I was devastated.

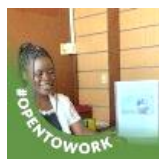

But I later realized that, a company /organization in it's growth prime has to be handled with utmost focus. Do not neglect or misplace priority, both for staff welfare and organization's management. You have to strike a balance.

Yep, there are greater opportunities when you

balance both perspective of the employees and organization during growth.

Thanks Ekaterina V.

Marianne: Thank you for connecting Rikio and welcome! 🌈💖🌟👍

Rikio Kaneko: Thank you for your message. I am very glad to know you are a singer song writer. Let's sing together when you have a free time.

Dear Marianne. Turn a misfortune into a blessing!! These days our ELFO Pres. Edmario joins the Zoom Amicable Party (ZAP) almost every day. So you can meet me and him as well as other members when you participate in the ZAP. Between him and me we talk often about BNB business and hotel business, because he must be richer, escaping from poor and risky district of Rio de Janeiro. I want to present you my idea Earth-Loving Oasis in which

every member may participate, getting profits and feeling happy.

Everyday, including Saturday and Sunday, I open the ZAP at 20:00 by Japanese time. As for schedule of September please see the URL: <http://mopw.org/zap%20sche.%202309.pdf>

He sent me (Irina) a message:

Dear Irina,
It is with great humility that I read about Earth Loving Friendly Organization, and I am grateful to receive this information from you. As a believer for equality and harmony among all people in the world, co-existing peacefully with nature and other creatures who call Earth home, I am grateful that you are part of an organization that celebrates this message, which I deeply share. Coming from a developing country, I have volunteered with a group of people myself to send a message of community service and empowerment of many that are marginalized, and I hope to continue making it my life's mission to help uplift the lives of others - economically, socially, politically, mentally,

emotionally, physically and spiritually. Seeing that ELFO is an oasis of friendship that celebrates humanity, I am eager to learn more, participate in the Zoom meetings, and see how further we can engage to uplift the world. Could I kindly receive the PDF files on my email at jamalharsam@gmail.com? I have tried to read the links but they seem to not open the files. I will appreciate this, as I read further on ELFO. I am honored to receive your message, and I look forward to engage further with you and the team, Irina.

My kind regards, Jamal.

Dear Jamal Harsam

Thank you so much for your readiness to cooperate with us. Then I want you to be the first President of the KELFA (Kenyan Earth-Loving Friendly Organization.). According to ELFO rules, if some member recommends oneself to the ELFO GA as President of a national ELFA (Earth-Loving Friendly Association) of one's country, and another rival candidate doesn't appear within 10 days, the former will be President of the ELFA.

Good luck, Irina Karpekina

Between the depth of her voice, substance of her songwriting, and seemingly endless list of awards and achievements, you might be fooled into thinking that Mikalyn has been in the game for decades. But that's easily forgiven, as despite having yet to hit her 20s, the artist's signature alt-pop stylings bely her age and blur lines between genres and eras, making her music all the more compelling. She obviously takes great pride in her output, showcasing a skillful approach to arrangement and production with a keen attention to detail. She's also an in-demand collaborator, having lent her unmistakable vocals to elevate tracks from Machine Drivers, Öwnboss & Zerky, Röde, 39 Kingdom, and others in just 2019 alone. With a one-of-a-kind style and unwavering drive, Mikalyn shows no signs of slowing down on her already-impressive trajectory. Her song Sleepless Nights streamed over 650 k in 4 months of release. In 2021 she will make a bold move away from her EDM success with over 3M streams and into alt pop and indie with a string of strong releases that will leverage and build off her EDM roots.

Dear Irina Kaneko, First of all, I sincerely apologize for the delay in responding to your message, which is rich in content and resources, and thank you for your patience. My country Chad is going through a serious socio-political crisis, I have witnessed shocking scenarios, I have lost loved ones who were coldly shot at close range, a lot of blood has flowed... this comes on top of the floods which make us miserable....these are all these reasons which did not put me in the right conditions to respond to you as soon as possible. I went through the links and I find what you are doing great and it is with honor that I agree to contribute and help the organization achieve the goals that are dear to it. I choose to join Peace and Amity Delegation however, I am a versatile and energetic person, I can always be useful where you think I could be decisive. All the best, Sylvain

My name is Evie Psarris, and I am a Toronto-born artist, who loves to create beautiful mixed-media art of all styles. I live with my daughter Winter-Violet, who is the best thing that has ever happened to me, and my cat, Kisses.

My parents are of Greek and Slovenien decent, and I was born in Canada.

Making art has always been a passion of mine and I love the experience of trying new things and challenging my talent in innovative ways. Most of my work is abstract. Themes range on a spectrum from perspective thinking to realism. I prefer to incorporate meaning in each piece I create with the use of symbolism and personal expression. The process of creating has always been therapeutic, and everything I come up with derives from deep within, and ends up on the canvas.

Some of my hobbies include playing piano, making music, practicing yoga and meditation, dancing and spending time in nature. I love experimenting with cultural cuisine, and I make a mean apple crisp.

N. 603. [Sylvie Tremblay](#) (JUL 7, 2022), [Canada](#), Director at One Minute for Peace Meditation Project; *Meditation has been part of my life for decades now. I meditate to manage my stress, control my emotions, and to harmonize myself with infinity.*

Many studies have demonstrated the benefits of meditation and confirmed the positive effects on our entire being. Researches have also shown that when meditating for others, the positive effects are stronger.

Our brain is a powerful tool. What we think, what we express, and what we feel affect everything else on Earth. When many people send out harmonious thoughts simultaneously and together during one day, a significant reduction in violent crimes in that city can be observed. And this can even last for several days thereafter.

In 2012, I joined the One Minute for Peace group, and added the "1 Minute for Peace" Meditation to my daily meditations. Every day, I take at least one minute of my time to meditate for peace.

When we meditate for peace, we send waves of peace and love to the world, and by sending these waves of peace and love through the powerful transmitter that is our brain, we can make this planet more peaceful. That's what we try to do by doing a short meditation of 1 minute, dedicated to peace and love.

In 2018, I was assigned to be in charge of the weekly 1 Minute for Peace online meditations in North America. Each week we have a session of short meditations for peace that are done in three languages: English, French and Spanish.

YFWP/AMBASSADORS FOR PEACE is an International NGO with Special Consultative Status at the United Nations' Economic and Social Council (ECOSOC). They are a network of committed young professionals who are introducing innovative approaches to peace building, youth leadership training, and interfaith understanding in some of the world's most explosive conflict regions. The Youth Federation for World Peace commends the selfless work of these men and women to build a world of lasting peace beyond the inherited boundaries of

ethnicity, culture, and religion. We believe that collaboration can increase effectiveness and lead to a critical mass for peace. This is a selection of Young Ambassadors for Peace who are investing their lives for positive change in their societies and in the world.

Mission

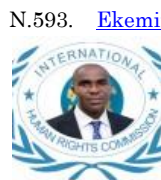

The Youth Federation for World Peace (YFWP) is a global network of individuals and organizations dedicated to building a world of peace in which everyone can live in freedom, harmony, cooperation, and prosperity. Peace is not simply the absence of war or a term that applies only to the relationships among nations. Peace is an essential quality that should characterize all relationships.

YFWP advocates renewal of the United Nations, including a proposal that the UN create an interreligious council within its structures. YFWP implements its programs through a global network of Ambassadors for Peace. YFWP encourages all religions to dialogue and cooperate for peace based upon the recognition that human dignity derives from a universal divine source that is the basis of harmony and unification. YFWP offers relief and humanitarian programs; experiential service-learning projects; character education and sports programs with a special focus on personal leadership and peacemaking skills.

I am in charge of developing programs and projects at the National EXCO level to help the organization attain its organizational goals.

I'm just a JewRican who is a Sephardic Yahuwdiy which is a Spanish Jew in Hebrew language and a worshipper who praises Yahuweh 'Elohiym for Yahuwshuw'ah our Messiah. And I'm just looking to share His Towrah Scriptural truths with everyone who has an ear to hear and who have eyes to see. I'm currently writing 9 books on Yahuweh's covenants in Scripture. My interest is to find others who would like to study the Towrah/Word of Yahuweh 'Elohiym and reason together over the Scriptures in Shalom/Peace. I would like to someday teach Yahuweh's Word on T.V. and show the Testimony of Yahuwshuw'ah from the Sacred Scriptures. I would also like to build a scroll team to come together and study the Scriptures from Ancient manuscripts and put together a honest translation of The Words of Yahuweh 'Elohiym. I'm also a artist I love to draw and paint art is in my blood. And I love praising the king of Esteem and blessing His Name. Looking to build kingdom relationships with sincere honest open minded, HUMBLE and trustworthy people.

Though I have spent the last 4 years studying law, I have been actively involved in music for most of my life. My driving philosophy has always been that I needed to widen my perspective to the best of my ability before I can embark on a professional career in music; and I figured that studying law

would give me the opportunity to look at the world from the widest perspective possible.

However, lately it has become apparent that trying to look at life from everyone's perspective requires a lifetime of experience, and that I have put off chasing my passion in the music industry for too long. Nevertheless, it is with this strive for empathy that I aspire to write my music.

During the course of my stay in Scotland, I have had the opportunity to be associated with multiple talented groups of musicians in a wide selection of genres. My active role as the frontman and guitarist for the 3-piece band- 'The Hultanas,' has enabled me hone my performance and technical skills.

basically an accident. It was no accident.*

*I mistakenly thought I fell into various roles and
projects without a plan - that it all somehow just
“happened” to me. It was no accident. During that*

*semester I uncovered that I am a connector, a
conduit, a communicator.*

*What I learned decades into my career was that I
actually manifested my jobs, my work, my calling,
my purpose into being. It was doing workshop on
what drove our leadership values when I finally
understood what makes me tick. I discovered my
‘why’ and the reason I do what I do. People make me*

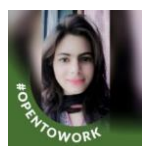

*tick. People give me my energy. People are my
teachers. I was born surrounded by a large family
which led me to serve large numbers of people
professionally. Being a part of a community is who I
am at my core and I enjoy sharing what I have
learned along the way.*

*Being a leader of front of house teams who
welcomed over 150 million guests taught me
everything about servant leadership, hospitality,
customer service and human relationships. Having
the honor and privilege to collaborate with
thousands of colleagues and to serve millions each
year is energizing. True leaders understand their
greatest responsibility is to take care of their team
first. People above Everything.*

*Decades at The Metropolitan Museum of Art
serving an average of 25,000 guests per day was a
unique course in hospitality and humanity. I can now
help you with your community and team building
efforts from a place of knowing because I lived it first
hand daily in a fast paced city like New York.*

During this

period IR developed the capability as a mother NGO to guide, advice and ensure operationalization of projects in various verticals these NGOs were working on. These verticals (not limited to) are broadly stated as below –
1. Clean India - Water, Sanitation & Hygiene (WASH), Waste Management, Air, Water, Soil Pollution etc.

3. Green India - Environment, Renewable Energy, Sustainability, Bio Diversity, Eco farming, Forestation etc.
4. Healthy India - mHealth, Telemedicine, Rural Health Care, Emergency Response Training & Support and other health related areas etc. Now in 2022 as our Phase III, we are initiating Citizens Corporate Collective Responsibility by engaging with corporate bodies and helping them with their CSR activities by bringing in the right NGOs who can carry out desired projects (or customized activity) in specific areas under IR Experts Panel's guidance. INDIA Redefined would be happy to associate in making CSR programs or any other social development programs more diverse, vibrant and effective.
