## OELO's High Ideals Altaj Idealoj de OELO

地球愛オアシス機構の高い理想

It seems that among our ELFO FAMILY there is consensus as for the ELAW (Erath-Loving Amicable Way) expressing ethical aspects and comprising treasures of

55 golden words.

The ELAW is not a religion, but the whole of ideals, goals, good acts and conceptions. You are seeing every time in our mail magazine, for example:

**Harmony Respect Love Good Beauty**

Who can deny the value of these 55 treasures? Suppose the contrary conceptions and acts:  
*Disharmony, despise, hatred, badness, ugliness!*

Oh, my God, everybody could not endure them.

On the other hand, we know that we cannot realize our ideals or goals so easily. In order realise them it may need a long time. Now you see other 5 goals of the ELAW:

ELAW 5 Clauses for Future Course:

**Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, World Federation**

I have already written about them in my MM (Mail Magazine) in detail (N.27). Here almost all of you cannot bear such contrary situation above-mentioned: Rule of force; Military settlement; Race of armaments; Absolute sovereignty; Extreme nationalism.

Such conceptions as **Rule of Law, Peaceful Settlement, Disarmament, Restriction of Sovereignty, and World Federation** are the demand of 21 century, and we ELAs will walk along this way, establishing an ELFO (Earth-Loving Friendly Organization), and singing our songs with lights and hopes.

Now please see new members of OELO .  
As a Secretary-general, I must make an effort

to be fair and welcome a newcomer  
without distinction as to language,  
nationality, religion, etc.

In our life and journey  
optimism help us. If all the persons  
were the same, it would not be interesting. The  
very fact that there are so many kinds of  
colorful people in a ship, on streets and on our  
Earth is more interesting.

Up to the present time some new  
members, especially VIPs and Diplomats,  
were introduced in MM, but in future I'll try to  
introduce all the newcomers, using info already  
opened and in accordance with ELFO policy on  
openness.

Anyway please send me your message if  
you don't want to be introduced to our ELFO  
members.

Overwhelming majority of members have  
joined our ELFO FAMILY by patient efforts of  
then Pres. and now Hon. Pres. Rikio Kaneko.

## !!Welcoming Messages!!

Dear OELO members,

Please see new personalities from various  
countries. Let's welcome them warmly. What is  
important is friendship, respect and kindness among  
members. I say this, because every day President  
Rikio and staff of Secretariat are making great efforts  
to invite people to join our ELFO for FRIENDSHIP.

GA Chair Irina Karpekina

### Welcoming song

She has the fear, but has roses with HOPPs.

## My welcoming hymn

ELFO Pres.Edmario Peixinho

Oh! Oh! Oh! Oh! Oh! Oh!  
I would like to hear you,  
I would like to understand you,  
Because you are **SOMEONE!**  
If you want, you can say  
what you feel, can even scream.

AH! AH! AH! ADOLESCENT!  
 They say that you are sick,  
 And that this is teenage phase,  
 But no, don't give up!  
 Don't isolate yourself because  
 you,  
 you are **SOMEONE!**

AH! AH! AH! ADOLESCENT!  
 Your mother and me,  
 Your brother and me,  
 My mother and I,  
 And your mother's parents.  
 We are all one large FAMILY.

We welcome you warmly,  
Welcome, welcome,  
Come and meet life.  
I say she is hot,  
There's the Sun and there's the moon.

I say she is hot,  
There's the night, but there's the day,  
Poetry and prose.  
There's death, but there's love with LIGHTs,  
And it has the motto and it has the gloss  
I say she is hot.

We all welcome you warmly,  
We want to be always with you,  
I bring this rose to give you,  
I bring this rose to give you,  
I bring this rose to give you.  
Now you can be happy and calm!!

## Representative system

The ELFO Charter, Article 8 lays down:

So long as a member does not express yes or no, his or her Representative shall be regarded a mandatory, and his or her yes or no shall also be regarded as the same with that of Representative.

This is very convenient and useful means of voting. I, Irina, for example, am a Representative of many members, so if they don't express their Yes or No, it will be regarded as the same with mine.

At the following pages Representative names are written with red letters. President Rikio invites so many people to the ELFO that his name is omitted.

## OELO President' Greeting

At the time of his inauguration as its President

It is a great honor to be given this opportunity to be present here.

I am Satoshi Miura, the newly elected President of the OELO. I would like to thank ELFO FAMILY for this election. Thank you so much!!

I tell each and every one of our members. The OELO exists for a cause: to scrutinize the intentions of our members to improve the success of new businesses and the local economy, and to help them achieve a better future.

How do you think about your daily life?

How do you think about your future life?

Every present event is a future reality.

Spontaneous economic activity is not easy. Investors and banks that support such activities also have to assess their business plans.

I will tell you again. Our OELO will function to facilitate those difficult tasks, and will strive to lead the way to success, where all current events become future realities.

Your ideas create the future, and our OELO will work for that worthwhile future.

"Do what you can, with what you have, where you are."

I would like to think of them in reality, never in ideals. It is for your worthy future.

Thank you once again and I wish you good luck.

Yours sincerely,  
Satoshi Miura

Dear Irina,

It is with great humility that I read about Earth Loving Friendly Organization, and I am grateful to receive this information from you. As a believer for equality and harmony among all people in the world, co-existing peacefully with nature and other creatures who call Earth home, I am grateful that you are part of an organization that celebrates this message, which I deeply share. Coming from a developing country, I have volunteered with a group of people myself to send a message of community service and empowerment of many that are marginalized, and I hope to continue making it my life's mission to help uplift the lives of others - economically, socially, politically, mentally, emotionally, physically and spiritually. Seeing that ELFO is an oasis of friendship that celebrates humanity, I am eager to learn more, participate in the Zoom meetings, and see how further we can engage to uplift the world. Could I kindly receive the PDF files on my email at [jamalharsam@gmail.com](mailto:jamalharsam@gmail.com)? I have tried to read the links but they seem to not open the files. YFWP/AMBASSADORS FOR PEACE is an International NGO with **Special Consultative Status at the United Nations' Economic and Social Council (ECOSOC)**. They are a network of committed young professionals who are introducing innovative approaches to peace building, youth leadership training, and interfaith understanding in some of the world's most explosive conflict regions. The Youth Federation for World Peace commends the selfless work of these men and women to build a world of lasting peace beyond the inherited boundaries of

ethnicity, culture, and religion. We believe that collaboration can increase effectiveness and lead to a critical mass for peace. This is a selection of Young Ambassadors for Peace who are investing their lives for positive change in their societies and in the world.

#### Mission

The Youth Federation for World Peace (YFWP) is a global network of individuals and organizations dedicated to building a world of peace in which everyone can live in freedom, harmony, cooperation, and prosperity. Peace is not simply the absence of war or a term that applies only to the relationships among nations. Peace is an essential quality that should characterize all relationships.

YFWP advocates renewal of the United Nations, including a proposal that the UN create an interreligious council within its structures. YFWP implements its programs through a global network of Ambassadors for Peace. YFWP encourages all religions to dialogue and cooperate for peace based upon the recognition that human dignity derives from a universal divine source that is the basis of harmony and unification. YFWP offers relief and humanitarian programs; experiential service-learning projects; character education and sports programs with a special focus on personal leadership and peacemaking skills.

I am in charge of developing programs and projects at the National EXCO level to help the organization attain its organizational goals.

*I mistakenly thought I fell into various roles and projects without a plan - that it all somehow just “happened” to me. It was no accident. During that semester I uncovered that I am a connector, a conduit, a communicator.*

*What I learned decades into my career was that I actually manifested my jobs, my work, my calling, my purpose into being. It was doing workshop on what drove our leadership values when I finally understood what makes me tick. I discovered my ‘why’ and the reason I do what I do. People make me tick. People give me my energy. People are my teachers. I was born surrounded by a large family which led me to serve large numbers of people professionally. Being a part of a community is who I am at my core and I enjoy sharing what I have learned along the way.*

*Being a leader of front of house teams who welcomed over 150 million guests taught me everything about servant leadership, hospitality, customer service and human relationships. Having the honor and privilege to collaborate with thousands of colleagues and to serve millions each year is energizing. True leaders understand their greatest responsibility is to take care of their team first. People above Everything.*

*Decades at The Metropolitan Museum of Art serving an average of 25,000 guests per day was a unique course in hospitality and humanity. I can now help you with your community and team building efforts from a place of knowing because I lived it first hand daily in a fast paced city like New York.*

Phase II consisted of partnering with a wide variety of grassroots NGOs through our 'Third Sector Partnership' and conducting numerous social activities and initiatives with them. During this period IR developed the capability as a mother NGO to guide, advice and ensure operationalization of projects in various verticals these NGOs were working on. These verticals (not limited to) are

broadly stated as below -

1. Clean India - Water, Sanitation & Hygiene (WASH), Waste Management, Air, Water, Soil Pollution etc.
  2. Educate India - Primary, Secondary, Adult education, Skill Development, Digital Education, Teacher's Training etc.
  3. Green India - Environment, Renewable Energy, Sustainability, Bio Diversity, Eco farming, Forestation etc.
  4. Healthy India - mHealth, Telemedicine, Rural Health Care, Emergency Response Training & Support and other health related areas etc.
- Now in 2022 as our Phase III, we are initiating Citizens Corporate Collective Responsibility by engaging with corporate bodies and helping them with their CSR activities by bringing in the right NGOs who can carry out desired projects (or customized activity) in specific areas under IR Experts Panel's guidance.

INDIA Redefined would be happy to associate in making CSR programs or any other social development programs more diverse, vibrant and effective.

*Nobel Laureate Robert Mundell, Professor Edward Nell and I were linked by the same way of considering the responsibility of intellectuals towards society, and by the need to connect scientific explanations to the consequences for action; that was not for an ideological apriorism nor for an urgency of operation, but for the firm belief in the validity of scientific analyses and their social mandate at the service of human freedom. Like Robert Mundell and Edward Nell, I place himself at the intersection of three theoretical schools: Keynesian, Monetarist, and Ricardian. Each camp contributes something of value to economic analysis and policymaking. For Mundell and Nell, Keynesians contribute the multiplier effect of federal budgets for stabilization; Monetarists, monetary stability for encouraging growth-promoting investments; and the Ricardians, the importance of free trade and investment flows for maximizing social welfare. Nell draws in the same way on the Keynesians, but looks to the older Quantity Theorists for accounts of monetary circulation, and draws on the Ricardians for the theory of value while he looks to Joseph Schumpeter for an approach to innovation and competition.*

N.333. [Cheryl Robeson Piggott](#) (FEB 11, 2022), [USA](#). Founder and CEO at World Orphans Day and The Stars Foundation. **Her Representative in**

**the ELFO is Ms. HOPE Watanabe.** Cheryl Robeson Piggott has traveled to over 30 countries in the past 20 years. She found in many parts of the world that children were undernourished, and left alone to fend for themselves at 6 years old and younger.

She was devastated by what she saw in India, Mexico, and parts of the Orient, and vowed to make a difference in the lives of these children. As her celebrity marketing work began to generate charity rebates to help the homeless and orphans in the Orient, she realized that the talents of the entertainment industry could be utilized to maximize the efforts.

After meeting with numerous agencies and departments at the United Nations, and as the world became more appalled and educated about the pandemic of AIDS and the aftermath effect on its families, Cheryl turned the foundation's focus toward the most devastating tragedy of the century...AIDS orphans and their plight for survival. She and her board have expanded the mandates to advocate for all orphans. She founded World Orphans Day in 2006.

Charity:

1) Helping the National Alzheimer's Association and Kathryn Crosby re-locate "The Crosby" to her home state of North Carolina, which would generate millions of dollars for charities over the next 13 years.

2) Spearheading 3 Celebrity Benefit Golf events that included NFL and country music stars with concerts and national PSA's by Vince Gill

3) **Marketing celebrity products with charitable rebates on Home Shopping Network**

4) Identified a multi-million dollar two year sponsorship for the Bill Cosby/ Willie T. Ribbs Indy 500 team;

5) United Way consultation that resulted in a \$1,000,000 donation from local celebrity

Greetings Beautiful People,  
Thank you so much for visiting my page. Allow me to introduce myself. My name is Ronyai Hawkins. I'm a Multi-Faceted **Artist/Entrepreneur**.

I've been truly blessed to do some amazing things in the performing arts/entertainment industry for over 15 years here in the Central Florida area. Also, I have some new ventures added to my profile as well. I started my own brand, Paint With Words Inc over a year ago now displaying all of my gifts and talents as a service to the community in the areas of spoken word artist/poet, **singer-songwriter, dancer/choreographer**, actor, host/emcee, self taught musician (percussionist/guitarist), rapper, scriptwriter, video/film director, motivational/inspirational speaker, and more!!!

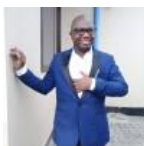

2017 was a breakthrough year for my collab single and music video, "Keep On Fighting". The song was selected and nominated at the International Christian Film Festival in Orlando, FL. The video made it in the Top 20 out of 500 submissions. Plus, the song made it in the Top 10 finals for Hip Hop/ R&B

category of the The USA Songwriting Contest sponsored by Sony, Yamaha, etc. Not to mention within that following year 2018 & 2019 my acting career began to take major shape as I booked feature and principal roles in SAG-AFTRA Projects such as Season 2 of David Makes Man, The Groveland Four, and Fox Hunt Drive just to name a few.

Also, I'm proud to announce to add to my resume contributing journalist for Inclusion Magazine in Atlanta, Ga and now Senior Editor for KUO (Karibbean Under One) Magazine founded by Mea Allman. That's not all....Adding to my list of talents in December 2018 I begin to create a platform as a safe space to tackle Mental Health Advocacy for Artists and Men call Refuel. I have received amazing feedback from the community even being called to do tv interviews to talk about mental health from a mens point of view. Plus, that's not all...just last year I added music placement to my resume thanks to 6FS (Six Figure Songwriting and owner Cathy Heller) as of March 2020. Now I have the ability to pitch my songs for placment in Film, TV, Commercials and more.

Please feel free to message me in my inbox at any time if you have any questions or if you're interested in booking me to speak or perform at your event inbox me at [paintwithwordsinc@gmail.com](mailto:paintwithwordsinc@gmail.com)

The history of the Royal House of Madagascar began since more than one thousand and five hundred years before the Christian era until the present times. The Royal House of Madagascar have Jewish origins. They have close links to the First Temple of Jerusalem.

The Eldest branch (Lahimatoa) of the Royal House (Fianakaviana Andriamanjaka) is the depository of royal traditions and customs. The Eldest branch is the legitimate Royal House in this Great Island. They safeguard and they conserve secretly the sacrality (Hasina) of the Royal House in Madagascar.

In one hand, only the king who is a direct descendant of the Eldest son (Zokiny or Zaken) of the royal Family is legitimate. Later, the descendant of the youngest son (Zandry) of the royal family could reign if he was married with a princess from the Eldest branch. The last king, who was not really legitimate, but, who obeyed to this commandment was the King Andria-nampo-in-imerina (the king at the heart of Imerina) who reigned in 1778-1810. He had more than twelve wives and more than one hundred concubines.

Moreover, the Lord Elohim, the Lord of Abraham, Isaac and Jacob, has said: "The Kings will reign in

N.202. [Renato Werner - Entrepreneur](#) (NOV 21,  
2021), [Brazil](#), [Diplomat](#) /  
Chairman/ Founder Partner  
Shareholder;  
Diplomat, security technology  
Inventor and maker, experienced  
international executive with high energy, diligent and  
self motivated.

After our disruptive AI surveillance technology  
be implemented, CCTV cameras and traditional  
surveillance security will be seen soon only in  
museums, due to the POLSEC AI, a powerful solution  
centered designed to protect individuals and catch  
criminals anywhere and under any circumstances.

Working as a diplomat, I got deep knowledge on  
how to deal and how to conduct international  
relations and negotiations in many different aspects  
and matters, **from financial and technical to  
operational fields** in diverse levels of complexity.

I designed some technology products and  
advanced security solutions that have been sold  
worldwide, because I do not just have ideas, but I  
make it happen.

In the past 22 years (since I was 25, now I'm 47)  
I traveled around the world to find innovative  
technologies and to **do business**.

I already travelled to more than 50 nations in all  
continents, and to some of those counties, I travelled  
dozens of times, for example to USA more than 30  
times and to China alone more than 60 times, and in  
terms of distance travelled its over 100 (one hundred)  
around the world trips, always dealing with both  
government and private companies.

Now, I just finished an important development  
of a surveillance and security system, totally based in  
AI - Artificial Intelligence, that have the potential to  
make a revolution on the security Industry; due to  
some useful and advanced algorithms applied, that  
will prevent crime in both public and private places.

With POLSEC AI, prevention is effective, but if  
anything happen, the crime autor will not be able to

runaway from its responsibilities.

I'm sure I can help you to find a way to solve  
problems, bringing up new ideas and make things  
happen in a very innovative way to promote and make  
your organization succeed even more.

You may count on me.

N.194. [Karidia Friggit Konate](#) (NOV 15, 2021) **Consul Honoraire** chez Consulat Honoraire Burkina Faso à Madrid ;

For 20 years now, together with my husband Francois, we've helped poor people in Burkina Faso, West Africa, particularly paying tuitions fees for many children.

To increase the impact of our action, we created in 2011 Fundación Katiou, and with friends' help we've started building schools in Burkina, using part of my husband's bonuses. Naïve? Ridiculous? Old fashioned? Probably. But that's who we are. And over the years, so many tears of joy have reinforced our strong will to go on along that path.

We're now looking for celebrities and corporate partners, willing to publicly demonstrate their social awareness, to establish a long term relationship. But

we're open to other ideas, based on a successful experience in a similar context.

*Definitely Yes, and would be honored to help organizing something in Geneva for us all to meet. I am hosting the International Day of Peace in New York City this year at the United Nations. A select number of celebrities and Dignitaries including former presidents, kings, and princesses, etc will be attending. Don King is being honored too. This is for our Flame of Peace Award we will be giving each year to a few people from various walks of life who have given dedicated their time to peace. Love to work with you on that for next year planning in Switzerland. We could jointly host something at the UN there if all goes well with mine this year in September. Let's keep talking I will send more information.*

President answered her:

*Thank you so much for your proposal. I take note*

about it and let's talk frequently concerning it. On what day will be opened the International Day of Peace in at the United Nations?

Her self-introduction:

Cheryl Robeson Piggott has traveled to over 30 countries in the past 20 years. She found in many parts of the world that children were undernourished, and left alone to fend for themselves at 6 years old and younger. She was devastated by what she saw in India, Mexico, and parts of the Orient, and vowed to make a difference in the lives of these children. As her celebrity marketing work began to generate charity rebates to help the homeless and orphans in the Orient, she realized that the talents of the entertainment industry could be utilized to maximize the efforts.

After meeting with numerous agencies and departments at the United Nations, and as the world became more appalled and educated about the pandemic of AIDS and the aftermath effect on its families, Cheryl turned the foundation's focus toward the most devastating tragedy of the century...AIDS orphans and their plight for survival. She and her board have expanded the mandates to advocate for all orphans. She founded World Orphans Day in 2006.

Charity:

- 1) Helping the National Alzheimer's Association and Kathryn Crosby re-locate "The Crosby" to her home state of North Carolina, which would generate millions of dollars for charities over the next 13 years.
- 2) Spearheading 3 Celebrity Benefit Golf events that included NFL and country music stars with concerts and national PSA's by Vince Gill
- 3) Marketing celebrity products with charitable rebates on Home Shopping Network
- 4) Identified a multi-million dollar two year sponsorship for the Bill Cosby/ Willie T. Ribbs Indy 500 team;
- 5) United Way consultation that resulted in a \$1,000,000 donation from local celebrity
- 6) Assisted in the marketing efforts for Ms. Colleen Brooks' (Garth Brooks' mother) salsa company for Wal Mart distribution
- 7) Initiated the Founding of World Orphans Day for

the purpose of generating a day for global awareness of the issues facing AIDS orphans, and children displaced by war and poverty, and natural disasters.
