

Dear Mikhail Galuzin
Ambassador Extraordinary and Plenipotentiary
of the Russian Federation to Japan

We 2 Presidents of NGO Rikio Kaneko and Edmario Peixinho, hoping you and your family are fine, have honor to send our greeting you, and our Proposal to Russian President V. Putin regarding Russo-Ukrainian War.

Though now it is fruitful autumn, our heart is sad and heavy when we imagine soldiers and their mothers as well as world people suffering severely from very bad spiritual and material influence upon them, therefore 4 times we sent our Proposals to both of Russian and Ukrainian Heads of State.

Now this time we will send them 5th Proposal as is seen in an attachment and is opened in our web-site. (As for them see: <http://mopw.org/5th%20pro.%20putin.pdf> and <http://mopw.org/5th%20pro.%20zelensky.pdf>)

We would like to request you to transmit the present attachment to Russian President V. Putin or a person responsible for this kind of matter. If there is more convenient way for sending our Proposal, we are happy if you send it to us. Currently the mail address tokyo@mid.ru is the only one way leading to Russian President V. Putin.

From the bottom of our heart, we wish that Russo-Ukrainian War would end as soon as possible, and both Russia and Ukraine recover true peace and friendship as before.

Very truly yours,

October 15, 2023
