In the name of God,, God created peoples by God for worship, prayer, righteousness and peace and to live in safety far from conflicts, wars, international trade and political crises between governments. People have nothing to do with their knowledge, which leads to the destruction of humanity in terms of relatives and relationships between people.

As Ukraine is an economic country with great financial and commercial wealth that uses reactors and nuclear tests with internationally banned weapons. This is contrary to international law, in order to maintain peace in the world, Ukraine must be mobilized. With regard to neighboring countries, and taking the terms and contracts of international agreements to preserve the safety of their people and their neighbors, do not deviate from companies that manufacture internationally prohibited weapons to exterminate people, invest in the human element, and respect the exchange of neighbors, and that makes him return to double what I gave, so he must sit With the Russian and Ukrainian government and

accept the terms between them in order to
preserve the safety of their lives and
property of the people. Terms must be
accepted and terms should be exchanged
and respected, peace between neighbors
and the rest of the talk... I can present an
agreement between the two governments to
negotiate
