WE THE PEOPLES ON OUR PRECIOS PLANET DETERMINED

AND FOR THESE ENDS

to practice tolerance and live together in peace with one another as good neighbors around Ukraine,

Accordingly, the United Nations, our respective Governments, Autonomies, Organizations, and Individuals have agreed to conclude epoch-making Treaty On Permanent Neutralization of Ukraine and do have honor to declare that hereby Ukraine has become a permanently neutralized State, which can be proud of her historical role as a forerunner and color-bearer of progressive peaceful process leading to establishment of ONE World.

PART I . PERMANENT NEUTRALIZATION OF UKRAINE

Chapter 1. Purposes and Principles

Article 1. Peaceful Ukraine shall be built as a permanently neutralized, peaceful, exemplary State for future of ALL HUMAN BEING.

Article 2. Independence and integrity of peaceful Ukraine shall be for all future time guaranteed by the present general international democratic treaty, supported by the United Nations, States, organizations, and people aspiring after true permanent peace.

Article 3. The multilateral Treaty on Permanent Neutralization of Ukraine (hereinafter referred to as Treaty or TPNU) may be signed before or after bilateral Russo-Ukrainian Peace Treaty (hereinafter referred to as Peace Treaty or RUPT) or together at the same time.

Article 4. Principle of equity and good (aequo et bono) shall be applied between the GAPNU and the PATRU.

What will be the compromises between Russia and Ukraine from view point of equity and goodness (ex aequo et bono)? First of all, the ELFO and the ICO will see the contents of obligations to be imposed upon Ukraine. If the TPNU stipulates such heavy obligations for Ukraine as disarmament, for example, it is equitable that on Russian shoulder would be also heavy burdens, to that extent. The converse is also true. (Italic sentences are ELFO Hon. Pres. Rikio Kaneko's comment recognized the ELFO General Assembly. And so on below.)

Chapter 2. Parties to the Treaty on Neutralization of Ukraine

Article 5. Parties to the Treaty on Permanent Neutralization of Ukraine may be not only the United Nations and States large or small, but also other autonomies (self-governing communities such as prefectures and cities), organizations, and even individuals (natural).

This is a quite innovative Article, which will strengthen considerably the fundament of permanent neutrality of Ukraine. Concerned persons and ELFO FAMILY must study hard for making up a historical scheme which will secure Permanent Neutralization of Ukraine, and contribute to peace and welfare of ALL HUMAN KIND.

Article 6. 1. The said United Nations, States, autonomies, organizations, and individuals have their Representative respectively.

2. A Representative of autonomies, organizations, and individuals shall be elected respectively in accordance with annex to the present TPNU.

Chapter 3. Rights of Peaceful Ukraine

Article 7. Peaceful Ukraine has sovereignty, provided that she is permanently neutralized, and that her sovereignty may be restricted by other international treaties for the purpose of strengthening permanent neutrality of peaceful Ukraine.

Article 8. 1. Peaceful Ukraine has right to maintain military forces only for self-defense.

This Article does not presupposes such a country as Costa Rica which does not possess military force. If Ukraine wants to maintain her military force, she may do.

2. When Ukraine wishes to follow policy of general and complete disarmament within Ukraine, all the parties to the present TPNU shall support her.

3. Ukraine shall not regard such study as unfriendly, which will research Permanent Neutralization with her general and complete disarmament for the purpose of raising living standard of Ukrainian people and showing exemplary way leading to World Federation.

Here I took into account Ukrainian possibility that Ukraine can recover sovereignty over region which she may lose at the time of conclusion of peace treaty with Russia. It goes without saying that such alteration of sovereignty needs a new agreement among contracting parties to the treaty.

Our ELFO (Earth-Loving Friendship Organization) are going to create many PELPAs (Palace of Earth-Loving Peace and Amity) around the world. They are almost of the same content. But the UPELPPA is exceptionally privileged in the sense that present draft treaty mentions contracting States' cooperation such as PPP.

Article 23. CEO and promoters of the UPELPPA shall take steps conducive for understanding permanent neutralization, and it may be created on the basis of MOU (Memorandum Of Understanding, see <http://www.mopw.org/uk-loanee-n2-241125.pdf>)

Article 24. In the preceding case parties to the present Treaty shall cooperate with UPELPPA as well as its mother international NGO named Organization of Palace of Permanent Peace and Amity (OPPPA) which will be composed of members of many national ELAFs (Earth-Loving Amicable Fellows). As for Ukrainian ELAF see Article 3 in <http://www.mopw.org/uk-loanee-n2-241125.pdf>)

Article 25. For securing Ukrainian permanent neutrality steadily and observing its situation, the OPPPA will be located in the capital Ukraine Kiev.

Article 26. The UPELPPA and the OPPPA and shall be established also by the form of PPP (Public Private Partnership) in cooperation with contracting States, organizations, individuals, and Loanee-Enterpriser thereof.
